City Planner Rusty Martin presented the staff recommendation. Applicant is requesting to rezone from R-15 to RAD Conditional for the development of 3 single family detached homes, currently there is one home on the property. The future land use is Medium Density Residential and no land use change is required. There will be Medium Density Residential to the south, north and west will be Moderate Density Residential and Mixed Use to the east. Applicant proposes to save 4 trees along rear and five others that are non-specimen. Staff recommends approval with conditions.

Chairman Joel Powell asked the applicant to speak. Todd Wrigley, architect and commercial builder, commented that he will preserve as many trees as possible. Driveways and house locations were chosen to protect trees. Mr. Wrigley proposes to build three homes due to financial feasibility of running sewer from Powder Springs.

Chairman Joel Powell asked the applicant to give more specifics on stormwater management. Mr. Wrigley, commented that the proposed homes do not lend themselves to a detention pond due to topography and scale of project. Each lot will have its own method of stormwater management. Other uses could be bio retention, or gravel drainage with plant material on top, or storage below driveway.

Eric Randall, City Engineer was asked by Chairman Joel Powell to discuss underground detention. Mr. Randall elaborated about doing bio retention on lots where trees could be impacted from underground detention. Mr. Randall is also looking at alternatives for stormwater throughout the city.

Chairman Joel Powell called for a Public Hearing, one citizen came forward.

Rebecca Lousa inquired about square footage and the price range of houses. Todd Wrigley commented that he is proposing 2500 square foot houses, around the low \$400k per house, due to infrastructure costs required also 4-5 bedroom homes, 3 baths. There will be no basement, slab on grade. Craig Wrigley hopes the market will want custom houses.

Eric Randall commented the language of certain conditions will need to allow some degree of interpretation due to elevations and method of stormwater management practice utilized.

A motion was made by Board Member Steve Kemp to approve Zoning Request, Z14-022, rezoning from R-15 to RAD-Conditional for the development of three single-family homes - 0.633 acres an Land Lot 488 at 2764 Hamby Street by Charter Custom Homes, LLC; seconded by Board Member Matt Wirth.
