External: This came from outside of Smyrna's email system.

Frank, Paul

Attached is the service agreement and design for the installation of the tunnel lighting system for both tunnels on Windy Hill. I've also attached the lighting design that mirrors the design plans provided from your engineering firm. There is one design for both tunnels since they are the same. I wanted to make sure I got you this prior to the council meeting next week so both projects can be approved together to allow for coordination during construction. Please let me know if you have any questions.
