10. Show Cause Hearings:

There were no show cause hearings.

11. Citizen Input:

Mr. Alex Backry of 3459 Shawnee Trail spoke highly of the 64% of the City who participated in the recent election. He hopes that the same amount come out and vote in the upcoming City election and suggested that the Council get out and involve the taxpayers in affairs of the City. He was curious as to how the figure of \$82,836 for median income listed in Money Magazine's write up on the City was calculated. He felt that this amount was unrealistic and too high to be accurate.

Mr. and Mrs. Don and Bonnie Berry of 835 Flagler Circle came to talk about a skate park at Cobb Park. They do not have a problem with the concept of a skate park but feel that Cobb Park is not the ideal location as there is not enough parking and they are concerned it will disturb those that live in the proximity of the park. They would like Cobb Park removed from consideration. Ms. Berry has been a resident of the City for ten years and Mr. Berry has lived in the City since 1956. It is their opinion that skate parks belong in sport complexes and not neighborhood parks.

Ms. Jill Gordon-Edwards of 371 Hickory Acres Drive was there to speak about Cobb Park and stated that she echoed the thoughts and feelings of Ms. Berry. She thanked Ms. Wilkinson for the added language in the master plan in reference of neighborhood involvement. On the site called Next Door, there was much conversation in regards to a skate park in Cobb Park and people did not want to see the playground equipment go away. Ms. Gordon-Edwards feels that a skate park is a great idea but not at Cobb Park. She also suggested adding a splash pad somewhere in the City and listed some potential areas in the City where both a skate park and a splash pad could be located. She suggested considering long term residents whenever making changes such as a skate park in a residential park.

Mayor Bacon stated that Cobb Park has not even been officially discussed as far as a skate park is concerned. He was told that there were conceptual plans out there but he had not seen them.

Mr. Dustin Jones of 921 Bank Street SE did not sign up to speak but the Mayor allowed him. He lives very close to Cobb Park and is against the skate park at that location, however he thinks that it would be a good idea in another location.

Mr. Jon Jordan of 2805 Sanford Road, a lifelong resident of the City, came out to speak about Cobb Park. He is not opposed to a skate park in the City but does not want to see one at Cobb Park.

The Mayor closed out by reiterating the fact that there are currently no plans for a skate park and he does know where all of this was coming from. There is a lot of misinformation going around about the possibility of a skate park at Cobb Park.

Councilmember Wilkinson spoke briefly about a recent workshop that had taken place where locations for a skate park had been discussed. She also spoke of a group that is advocating for a skate park and she felt that her constituents should know about it.

Mayor Bacon clarified that he has never seen any skate park plans.

12. Adjournment:

Mayor Bacon adjourned the meeting at 7:37pm.
