Re: Jonquil Plaza Noise Ordinance

Dear Rusty,

Benning Construction Company would like to request the ability to work Sunday, June 5, 2016 and Sunday, June 12, 2016 at the Jonquil Plaza Publix store #1250. This request is due to the tight project schedule and will provide additional time to erect the structural steel of the building. These additional days are crucial to our critical path and will allow us to stay on schedule.

Please confirm that this request is acceptable as soon as possible so we can schedule the cruise in the equipment to make this happen. Feel free to contact me with any questions.

Sincerely,

Rani Ghawi

Project Leader

Benning Construction Company
