FINAL VOTE - Variance Request - V21-028 - Allow variances for lot size, lot width, front, side, and rear setback for annexation of a non-conforming lot - Land Lot 519 - 0.192 acres - 2474 Adams Dr - Richard Griffin and Ron Dickinson

ISSUE AND BACKGROUND:

The applicant is requesting approval to annex one existing lot of record from Cobb County into the city and retain the existing R-20 zoning category. The property is currently occupied with one residential structure. The existing structure will be demolished for the construction of a new single-family home. The existing lot is non-conforming with respect to the R-20 zoning district and requires several variances. The Planning Board recommended approval by a vote of 7-0 at the March 8, 2021 meeting.

RECOMMENDATION / REQUESTED ACTION: Community Development has reviewed the proposed plat against the requirements of the R-20 zoning district. The variances are necessary to redevelop the property as it is currently non-conforming. The subject property will maintain an R-20 zoning classification and will not increase the density for the property as one home currently occupies the property. Community Development recommends **approval** of the requested variances with the following conditions:

- 1.The minimum lot size shall be 8,351 sq. ft.
- 2.The minimum lot width shall be 62 ft.
- 3.The minimum front setback shall be 15 ft.
- 4.The minimum side setback shall be 5 ft.
- 5.The minimum rear setback shall be 15 ft.
- 6.Approval is conditioned upon substantial compliance with the site plan submitted February18, 2021 and prepared by LandTec Surveying.
