A Christ-Centered Preparatory School

October 9, 2015

The Honorable Max Bacon, Mayor of Smyrna
& City Council Members
2800 King Street
Smyrna, Georgia 30080

Dear Mayor Bacon and Council Members,

Attached are the required submission forms and information seeking approval for Whitefield Academy's campus master plan. Whitefield Academy was formed in 1996 by the partnership of The Cranmer School and the Mount Vernon Christian Academy with a mission to bolster Christian families in rearing young people who go on to college and life with a passion for learning, for others ahead of self, and for the living and active Jesus. The school is accredited by the Southern Association of Colleges and Schools (SACS) and the Southern Association of Independent Schools (SAIS) and competes athletically in the 1A division of the Georgia High School Association (GHSAA), winning five State championships in three sports since 2003. We currently serve almost 800 students in PreK4 through 12th grade, with a planned eventual enrollment of 1200. Whitefield relocated its campus from Buckhead to our current Smyrna address in 1999. Today, many of our families are choosing to purchase homes in this area because of Whitefield, with almost 70% of our students living within a 5-mile radius of our campus.

Since purchasing this land in 1999, Whitefield has grown from 52 acres to, by end of this year, a campus of almost 100 acres. To date the school has invested almost \$50 million of private donations into our buildings, playing fields, and infrastructure. More importantly, we have graduated 700 young men and women who have successfully matriculated to college, and many are now having widespread impact in their families, communities, workplaces, and all areas of life. Some of our graduates have now returned to our Whitefield campus as teachers, coaches, and even parents of their own Whitefield students.

The leadership at Whitefield takes its role in the development of this land as an act of godly stewardship, entrusted to build a campus that will serve future generations of students and families in this area. Because of that, the school has invested a tremendous amount of energy and resources into the plans being presented before you today. These plans reflect the work of our civil engineers, architects, and project planners, with input from neighbors, community leaders, our board of trustees, our building committee, parent groups, and countless volunteers. We would like to especially thank the City of Smyrna and your amazing staff for their direction, assistance, and advice as we navigated through this planning process. Their help and professionalism was so outstanding that our hired planners commented that they wish they could work with them on all of their projects.

Whitefield is proud to be located in the city of Smyrna and we play an integral part in supporting this community. Besides athletic and theatrical events, Whitefield provides free parenting seminars for the community, meeting space for civic groups, and our students volunteer over 6,000 hours each year in community service projects. Whitefield's prayer is that this master plan will create a campus that will continue to serve area families for many future generations.

Sincerely,

A handwritten signature in blue ink that reads "Kevin Bracher".

Kevin Bracher, Ph.D. Headmaster
Whitefield Academy

A handwritten signature in blue ink that reads "Jason Bilotti".

Jason Bilotti, Chairman
Whitefield Board of Trustees

Section 1

SLUP Application and Signatures

Application for Special Land Use Permit to the City of Smyrna for:

Whitefield Academy
1 Whitefield Drive
Mableton, GA 30126

APPLICATION STATEMENT

Location: Whitefield Academy
1 Whitefield Drive
Mableton, GA 30126

This statement has been prepared as part of the Whitefield Academy Special Land Use Permit application.

This SLUP application consists of four major tracts of property in various states of ownership.

The largest tract located at 1 Whitefield Dr consists of the main campus. This tract consists of multiple parcels acquired over time (see Section 2 deeds).

To the west of the main campus is a tract Whitefield Academy recently acquired. This address is 1289 Pebblebrook Road as is currently seeking annexation into the City of Smyrna.

To the far west of the SLUP plan is a third tract with the address 1259 Pebblebrook. This property is currently owned by another titleholder who has signed this application. Closing on this transaction should occur on or before October 15th.

To the east, across Nickajack Creek, is a tract of multiple parcels owned by Crypt Properties. There are multiple addresses for this property including 1677 and 1691 Buckner Road. Included in this application is a Letter of Intent indicating intent to transfer the property to Whitefield Academy.

This application is somewhat complicated in that it consists of multiple titleholders and pending transactions of property. It is the goal of the campus, once transfer of titleholder property to the campus is complete, to consolidate these parcels into as few plats as possible as indicated in Section 9- Future Plat Statement.

Should these transactions be completed during the course of this application process, we will move as quickly as possible to update this submittal if requested by the City.

RE: Land and improvements on approximately 18 acres located at 1677 and 1691 Buckner Road, Smyrna, Cobb County, Georgia 30126 (the "Property")

Dear Dr. Bracher:

In consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which are acknowledged by each party to the other, Crypt Property, LLC, a Georgia limited liability company ("Transferor") has agreed and does hereby agree that it intends to make a tax deductible donation transfer of the Property to Whitefield Academy, Inc., a Georgia not for profit corporation ("Transferee"), under the terms and conditions set forth as follows:

- 1.) **Due Diligence:** For 30 days after the date this letter is executed by both Transferor and Transferee, which is considered the "Effective Date", Transferee, at Transferee's sole cost and expense, shall have the right to conduct tests, surveys and inspections on the Property during normal business hours on normal business days. Transferee agrees to indemnify Transferor from any liability arising from tests and inspections if conducted on the Property.
- 2.) **Closing Date:** Closing will take place on or within 30 days after the expiration of the due diligence period, but in no event later than December 31, 2015. Transferee will be responsible for the cost of any title and title insurance costs, recording fees, surveys and environmental reports and other inspection reports that Transferee chooses to obtain, and its attorneys' fees and expenses. Transferor agrees to pay the Georgia transfer tax associated with the transfer, its prorated share of real estate taxes, and its attorneys' fees and expenses at closing.
- 3.) **Closing Documents:** At Closing, Transferor shall convey the Property to Transferee by Quitclaim Deed, and Transferor and Transferee shall execute such documents and instruments as are ordinarily and customarily required for purposes of conveying real property in the State of Georgia. Transferor shall convey the Property to Transferee in an "as is, where is" condition and "with all faults" as of the date of Closing, with no representations, warranties, covenants or guarantees whatsoever, express or implied.
- 4.) **Notices:** Any notices shall be addressed to Transferor or Transferee, as the case may be, at the address set forth below, or at such other address as the parties may have designated by notice to the other:

Transferor: Crypt Property, LLC
Attn: Mr. John Charles
Telephone: (404) 420-5600
Email: jcharles@trimontrea.com

Transferee: Whitefield Academy, Inc.
1 Whitefield Drive
Mableton, Georgia 30126
Kevin Bracher, PhD
Telephone: 678-305-3000
Email: KBracher@whitefieldacademy.com

- 5.) **Improvements and Fixtures:** The transaction contemplated herein shall include all improvements and fixtures currently located on the Property as of the date of this letter (this "Letter of Intent").
- 6.) **No Commissions Due:** Transferor and Transferee warrant and represent to the other that neither is represented by a real estate broker, agent or representative, so no real estate commissions are due to be paid to any persons.

This Letter of Intent constitutes an expression of intent and shall not constitute a binding agreement between Transferor and Transferee as it is subject to the terms and conditions stated herein, but both Transferor and Transferee agree to act in good faith to use commercially reasonable efforts to complete the transfer as contemplated herein, with or without a more formalized purchase and sale agreement.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

Provided the aforementioned key terms are acceptable, please sign in the space provided below and return to me by scan/email at jcharles@trimontrea.com, with the original to follow by overnight mail.

Sincerely,

Crypt Property, LLC,

HISTORIC DEEDS STATEMENT

Location: Whitefield Academy
1 Whitefield Drive
Mableton, GA 30126

This statement has been prepared as part of the Whitefield Academy Special Land Use Permit application.

This SLUP application consists of four major tracts of property. Many of those, including the main campus and Crypt Property to the east, consist of parcels with multiple deeds. The deeds associated with each tract and parcel are included.

It is the goal of the campus, once transfer of titleholder property to the campus is complete, to consolidate these parcels into as few plats as possible as indicated in Section 9- Future Plat Statement.

STATE OF GEORGIA

COUNTY OF FULTON

LIMITED WARRANTY DEED

THIS INDENTURE, made this ^{10th} day of May in the year of our Lord Nineteen Hundred Ninety-Nine, between HUBERT R. JOHNSON and JOHNSON DRILLING COMPANY, INC., a Georgia corporation, as party of the first part (hereinafter, collectively, called "Grantor"), and WHITEFIELD ACADEMY, INC., a Georgia non-profit corporation, as party of the second part (hereinafter called "Grantee") (the words "Grantor" and "Grantee" to include their respective successors and assigns where the context requires or permits);

WITNESSETH: THAT,

GRANTOR, for and in consideration of the sum of Ten and No/100 Dollars (\$10.00) in hand paid at and before the sealing and delivery of these presents, the receipt whereof is hereby acknowledged, has granted, bargained, sold, aliened, conveyed and confirmed and by these presents does grant, bargain, sell, alien, convey and confirm unto said Grantee, all that tract or parcel of land lying and

being in Land Lots 542, 543, 610 and 611 of the 17th Land District, 2nd Section of Cobb County, Georgia, being more particularly described on Exhibit "A" attached hereto and by this reference made a part hereof, together with any and all plants, trees, timber, shrubbery, Improvements, and fixtures located thereon or attached thereto, and all rights, easements, licenses and benefits appurtenant thereto (hereinafter referred to as the "Property") subject to those matters set forth on Exhibit "B", attached hereto and by this reference made a part hereof.

TO HAVE AND TO HOLD the Property with all and singular the rights, members and appurtenances thereof, to the same being, belonging, or in anywise appertaining, to the only proper use, benefit and behoof of the Grantee forever in FEE SIMPLE.

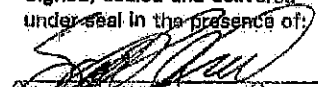

AND GRANTOR will warrant and forever defend the right and title to the Property unto Grantee against the claims of all persons claiming by, under, or through Grantor, subject to those matters set forth on Exhibit "B", attached hereto and by this reference made a part hereof.

TRACT 1A

PARCEL ONE:

All that tract or parcel of land lying and being in Land Lot 543 of the 17th District, 2nd Section of Cobb County, Georgia, being 9.076 acres thereof, more or less, and being more particularly described as follows:

BEGINNING at an iron pin located on the north side of Pebblebrook Road 165 feet northwest and west as measured along the northeast and north side of Pebblebrook Road from the intersection of the northerly side of Pebblebrook Road with the south line of Land Lot 543, said point of beginning being 16.1 feet north of a point on the south line of said Land Lot at a distance of 330 feet west of the southeast corner thereof as measured along the south line; thence south 89 degrees, 55 minutes, 20 seconds west along the north side of Pebblebrook Road 150 feet to an iron pin and corner; thence north 00 degrees, 30 minutes west 382.3 feet to an iron pin and corner; thence south 89 degrees, 27 minutes west 179.4 feet to an iron pin and corner; thence north 00 degrees, 33 minutes west 1025.6 feet to an iron pin and corner located on the north line of Land Lot 543; thence north 89 degrees, 30 minutes east along the north line of said Land Lot 329.9 feet to an iron pin and corner; thence south 00 degrees, 30 minutes, 30 seconds east 1408.9 feet to an iron pin and corner on the north side of Pebblebrook Road at the point of beginning.

The hereinabove described property constitutes the entirety of that tract conveyed by George E. Davis and Charles J. Jones to Truman W. Davis by warranty deed recorded in Deed Book 616, Page 152, Cobb County Records.

TRACT 2A

All that tract or parcel of land lying and being in Land Lot 543, 17th District, 2nd Section, Cobb County, Georgia, and being 9.61 acres thereof in the east 10 acres of said land lot, as more fully shown and described on a plat of survey thereof, made by Thomas E. Williams, Official Cobb County Surveyor, dated 1/8/66, and designated thereon as "PLAT FOR TRUMAN DAVIS", and being more particularly described as follows:

BEGINNING at an iron pin located on the south line of said Land Lot slightly in the right of way of Pebble Brook Road near the north side of said road at a distance of 240 feet west of the southeast corner of said Land Lot; thence west along the south line of said Land Lot 90 feet to an iron pin and corner; thence north 00 degrees 30 minutes west 1408.9 feet to an iron pin and corner located on the north line of said Land Lot; thence east (north 89 degrees 30 minutes east) along the north line of said Land Lot 330.3 feet to the northeast corner of said Land Lot and an iron pin located at that point; thence south 00 degrees 30 minutes east 1214.5 feet along the east line of said Land Lot to an iron pin and corner; thence south 89 degrees 30 minutes west 240 feet to an iron pin and corner; thence south 00 degrees 30 minutes east 240 feet to the point of beginning.

TRACT 1:

ALL THAT TRACT OR PARCEL OF LAND lying and being in Land Lot 543 of the 17th District, 2nd Section, Cobb County, Georgia, and being more particularly described as follows:

To find the TRUE POINT OF BEGINNING, begin at a point that is the common corner of Land Lots 542, 543, 544 and 411 of said District, Section and County; thence South 89 degrees 30 minutes West along the South Land Lot Line of Land Lot 543; a distance of 80.0 feet to the TRUE POINT OF BEGINNING; thence South 89 degrees 30 minutes West along said South Land Lot Line of Land Lot 543 a distance of 160 feet to an iron pin; thence North 00 degrees 30 minutes West a distance of 200.00 feet to an iron pin; thence North 03 degrees 30 minutes East a distance of 240.0 feet to an iron pin located on the East Land Lot Line of Land Lot 543; thence South 00 degrees 30 minutes East along said East Land Lot Line a distance of 50.0 feet to an iron pin; thence South 89 degrees 30 minutes West a distance of 80.0 feet to a point; thence South 00 degrees 30 minutes East a distance of 180.0 feet to a point on the South Land Lot Line of Land Lot 543 and the POINT OF BEGINNING. According to a Boundary Survey for W. W. Teal, prepared by Thos. E. Williams, Land Surveyor No. 873, dated January 10, 1965, to which reference is hereby made for a more complete and accurate description of the property herein described.

TRACT 2:

Tract 1: All that tract or parcel of land lying and being in Land Lot 543 of the 17th District, 2nd Section of Cobb County, Georgia and being more particularly described as follows:

BEGINNING at a point located at the Southeast corner of Land Lot 543 thence running South 89° 30' West 80 feet to an iron pin found; thence running North 00° 30' West 150.0 feet to an iron pin and corner; thence running North 89° 30' East 80.0 feet to a point located on the East line of Land Lot 543; thence running South 00° 30' East 150.0 feet along the East line of Land Lot 543 to a point located at the Southwest corner of Land Lot 543 and the POINT OF BEGINNING. Said tract containing: 0.28 acres.

Tract 2: All that tract or parcel of land lying and being in Land Lot 542 of the 17th District, 2nd Section of Cobb County, Georgia and being more particularly described as follows:

BEGINNING at the Northeast corner of said Land Lot 542 and running thence West along the North line of said Land Lot 542 a distance of 80 feet to a point and corner; thence Southerly 30 feet to a point located on the Northerly side of the right-of-way Pebble Brook Road; thence running Easterly along the Northerly side of Pebble Brook Road and following the curvature thereof 83 feet, more or less, to a point located on the East line of Land Lot 542; thence running Northerly along the Easterly land lot line of Land Lot 542 30 feet, more or less, to a point located at the Southeast corner of Land Lot 542 and the point of beginning.

TRACT 5.

All that tract or parcel of land lying and being in Land Lot 611 of the 17th District, 2nd Section of Cobb County, Georgia, and more particularly described as follows:

BEGINNING at the northwest corner of Land Lot 611 and running thence East along the north line of said Land Lot eleven hundred fifty (1150) feet to where said land lot line intersects with Buckner Road; thence westerly along the north side of Buckner Road twelve hundred sixty (1260) feet to the west line of said lot between B.N. Buckner and T.B. Buckner; thence North two hundred and twenty eight (228) feet to the corner of said Land lot and the point of beginning. The same being in a rectangular shape and approximately two hundred and twenty eight (228) feet more or less at the widest point.

TRACT 6.

ALL THAT TRACT OR PARCEL of land lying and being in Land Lot 610 of the 17th District, 2nd Section of Cobb County, Georgia, and being more particularly described as follows:

TO FIND THE POINT OF BEGINNING, begin at the point found at the intersection of the southwestern corner of Land Lot 610, the southeastern corner of Land Lot 543, the northeastern corner of Land Lot 542 and the southwestern corner of Land Lot 611 said intersection of Land Lots being the POINT OF BEGINNING; RUNNING THENCE FROM THE POINT OF BEGINNING NORTH 01° 09' 30" east a distance of 1,317.14 feet to a point; running thence south 56° 31' 01" east a distance of 421.93 feet to a point; running thence south 43° 13' 40" east a distance of 499.20 feet to a point; thence running south 48° 01' 02" east a distance of 395.87 feet to a point; thence running south 15° 56' 48" east a distance of 208.66 feet to a point; thence running south 10° 04' 17" east a distance of 119.31 feet to a point; thence running south 15° 42' 47" west a distance of 153.10 feet to a point; running thence along the southern land lot line of Land Lot 610 north 89° 27' 30" west a distance of 1051.90 feet to the southwest corner of said land lot and the POINT OF BEGINNING.

WARRANTY DEED

STATE OF GEORGIA

COUNTY OF COBB

THIS INDENTURE, made the 24TH day of April, in the year TWO THOUSAND THREE, between

JPK PEBBLEBROOK, LLC
A Georgia limited liability company

of the County of Fulton, and State of Georgia, as party or parties of the first part, hereinafter called Grantor, and

WHITEFIELD ACADEMY, INC.
A domestic non-profit Georgia corporation

as party or parties of the second part, hereinafter called Grantee (the words "Grantor" and "Grantee" to include their respective heirs, successors and assigns where the context requires or permits).

WITNESSETH that: Grantor, for and in consideration of the sum of **OTHER VALUABLE CONSIDERATION AND TEN AND NO/100 DOLLARS (\$10.00)** in hand paid at and before the sealing and delivery of these presents, the receipt whereof is hereby acknowledged, has granted, bargained, sold, aliened, conveyed and confirmed, and by these presents does grant, bargain, sell, alien, convey, and confirm unto the said Grantee,

All those tracts or parcels of land lying and being in Land Lots 538 and 539 of the 17th District, 2nd Section, Cobb County, Georgia, and being more particularly described on Exhibit "A" attached hereto and made a part hereof by this reference.

TO HAVE AND TO HOLD the said tract or parcel of land, with all and singular the rights, members and appurtenances thereof, to the same being belonging, or in anywise appertaining, to the only proper use, benefit and behoof of the Grantee forever in **FEE SIMPLE**.

AND THE SAID Grantor will warrant and forever defend the right and title to the above-described property unto the said Grantee against the claims of all persons whomsoever.

IN WITNESS WHEREOF, the Grantor has signed and sealed this deed, the day and year above written.

Signed, sealed and delivered in

PARTIAL QUITCLAIM DEED

STATE OF GEORGIA
COUNTY OF FULTON

THIS INDENTURE made the ____ day of _____ in the year TWO THOUSAND TWO, between

SUNTRUST BANK

of the County of Fulton and State of Georgia, as party or parties of the first part, hereinafter called Grantor,
and

WHITEFIELD ACADEMY, INC.
A Georgia corporation

of the County of Fulton and State of Georgia, as party or parties of the second part, hereinafter called Grantee
(the words "Grantor" and "Grantee" to include their respective heirs, successors, and assigns, where the
context requires or permits).

WITNESSETH that Grantor, for and in consideration of the sum of one dollar (\$1.00) and other
valuable considerations in hand paid at and before the sealing and delivery of these presents, the receipt
whereof is hereby acknowledged, by these presents does hereby remise, convey, and forever QUITCLAIM
unto the said Grantee all that tract or parcel of land lying and being in Cobb County, Georgia, and being more
particularly described as follows:

THIS QUITCLAIM DEED IS GIVEN FOR THE PURPOSE OF RELEASING THE WITHIN
DESCRIBED PROPERTY FROM THE EFFECT OF that certain Deed to Secure Debt and Security
Agreement, between Whitefield Academy, Inc. and SunTrust Bank, dated July 1, 2002, recorded July 21,
2000, in **Deed Book 13279, Page 1603**, Records of Cobb County, Georgia, together with any other

documents executed in connection therewith, and any UCC Financing Statements filed in connection therewith. Except for the within release, the said Deed to Secure Debt and Security Agreement, shall remain in full force and effect.

TO HAVE AND TO HOLD the said described premises to grantee, so that neither grantor nor any person or persons claiming under grantor shall at any time, by any means or ways, have, claim or demand any right or title to said premises or appurtenances, or any rights thereof.

IN WITNESS WHEREOF, Grantor has signed and sealed this deed, the day and year first above written.

EXECUTOR'S DEED

THIS INDENTURE is made as of January 13, 2011, between Jacob R. Bass as Executor Under the Will of William E. Bass, Jr., deceased (hereinafter referred to as "Grantor"), (pursuant to the Last Will and Testament of William Everett Bass recorded in the Probate Court of Cobb County on June 4, 2009, and the Order of Probate Court in Estate No. 09-0879, issued on June 8, 2009 and recorded in the Probate Court of Cobb County on June 9, 2009), and Whitefield Academy, Inc., a Georgia not-for-profit corporation (hereinafter referred to as "Grantee"; the words "Grantor" and "Grantee" to include their respective heirs, successors and assigns where the context requires or permits).

WITNESSETH:

That Grantor, for and in consideration of the sum of TEN AND NO/100 DOLLARS (\$10.00) in hand paid at and before the sealing and delivery of these presents, the receipt whereof is hereby acknowledged, has granted, bargained, sold, aliened, conveyed and confirmed, and by these presents does grant, bargain, sell, alien, convey and confirm unto the said Grantee all right, title and interest of Grantor in and to certain real estate and improvements located in Land Lots 542 and 543 of the 17th District, 2nd Section of Cobb County, Georgia, more particularly described on Exhibit A attached hereto and made a part hereof by this reference (the "Property").

TO HAVE AND TO HOLD the Property, with all and singular the rights, members and appurtenances thereof, to the same being, belonging, or in anywise appertaining, to the only

TRUSTEE'S DEED

State of Georgia
Cobb County

THIS INDENTURE, made this date: May 8, 2013, between BRUCE D. BURKE, as TRUSTEE of THE POSS FAMILY TRUST, executed March 19, 1992, as Grantor, and WHITEFIELD ACADEMY, INC., a Georgia not-for-profit corporation, as Grantee.

WHEREAS, Grantor confirms that he is the duly appointed, qualified and acting Trustee: of the above-denominated Trust, and as such, empowered to convey the hereinafter described real property to Grantee.

WITNESSETH, that Grantor, for and in consideration of the sum of TEN and NO/100s Dollars (\$10.00) paid in hand at and before the sealing and delivering of these presents, the receipt of which is hereby acknowledged, has granted, bargained, sold, aliened, conveyed and confirmed, and by these presents does grant, bargain, sell, alien, convey and confirm unto the said Grantee the following described real property.

ALL THAT TRACT OR PARCEL OF LAND lying and being in Land Lot 543 of the 17th District, 2nd Section, Cobb County, Georgia and being more particularly described as follows:

Commencing at a 1" open top pipe found at the shared corner of Land Lots 538, 539, 542 & 543; *Thence* running along the Land Lot 538 & 543 line a bearing of N01°00'06"E a distance of 79.81' to #4 rebar found; *Thence* leaving said Land Lot line running a bearing of S89°24'34"E a distance of 208.84' to a #4 rebar found; *Thence* running a bearing of S00°03'32"E a distance of 82.01' to a #4 rebar found on the Land Lot 542 & 543 line; *Thence* running a bearing of S13°55'51"E a distance of 62.17' to a #4 rebar found on the northerly right-of-way line of Pebblebrook Road (right-of-way varies); *Thence* running along said right-of-way a curve to the right an arc distance of 47.31', said curve having a radius of 1091.46, subtended by a chord of 47.31' with a bearing of N71°44'49"E to a point; *Thence* continuing to run along said right-of-way a bearing of S11°03'18"E a distance of 4.38' to a #4 rebar found; *Thence* continuing to run along said right-of-way a curve to the right an arc distance of 55.48', said curve having a radius of 908.22', subtended by a chord of 55.47' with a bearing of N75°00'24"E to a point; *Thence* continuing to run along said right-of-way a bearing of N76°45'24"E a distance of 253.96' to a point; *Thence* continuing to run along said right-of-way a curve to the right an arc distance of 101.50', said curve having a radius of 341.19', subtended by a chord of 101.12' with a bearing of N85°16'44"E to an axle found and the **TRUE POINT OF BEGINNING**;

FROM SAID TRUE POINT OF BEGINNING, *Thence* leaving the right-of-way of Pebblebrook Road running a bearing of N00°38'51"E a distance of 220.00' to a #4 rebar found; *Thence* running a bearing of N00°39'37"E a distance of 145.54' to a #4 rebar found; *Thence* running a bearing of S89°21'21"E a distance of 179.40' to a #4 rebar found; *Thence* running a bearing of S00°40'36"W a distance of 377.47' to a #4 rebar set on the northerly right-of-way line of Pebblebrook Road (right-of-way varies); *Thence* running along said right-of-way a curve to the right an arc distance of 48.32', said curve having a radius of 1772.39', subtended by a chord of 48.32' with a bearing of N86°06'28"W to a point; *Thence* continuing to run along said right-of-way a bearing of N85°19'36"W a distance of 126.13' to a point; *Thence* continuing to run along said right-of-way a curve to the left an arc distance of 5.19', said curve having a radius of 341.19', subtended by a chord of 5.19' with a bearing of N85°45'46"W to an axle found and the **TRUE POINT OF BEGINNING**.

The above-described property contains 1.53 acres more or less and can be found described graphically on an ALTA/ACSM Land Title Survey for Whitefield Academy Inc. and First American Title Company, dated March 20, 2013, revised April 4, 2013, prepared by Gaskins Surveying Company, a copy of which is attached hereto as Exhibit 'A' and incorporated herein by this reference.

Together with all and singular the rights, members and appurtenances thereof, to the same being, belonging, or in anywise appertaining, referred to as the "Land").

Further, Grantor hereby quitclaims to Grantee, and Grantee's successors, successors-in-title, assigns, heirs and legal representatives, all of Grantor's right, title and interest, if any, in and to any land lying in the bed of any street, road, alley, avenue or right of way adjoining the property herein conveyed, together with all gaps, gores, vaults within or contiguous to said property, together with any and all easements serving said property, to have and hold said property and any and all of the rights, members and appurtenances thereof to the same being, or in anywise appertaining, to the only proper use, benefit and behoof of Grantee and Grantee's successors, successors-in-title, assigns, heirs and legal representatives, free and discharged of any claim of Grantor.

TO HAVE AND TO HOLD the said tract or parcel of land, with all and singular rights, members and appurtenances thereunto belonging, to the same being, belonging, or in anywise appertaining to the only proper use, benefit and behoof of the said Grantee forever and in Fee Simple.

IN WITNESS WHEREOF, the Grantor has signed and sealed this Deed the day and year first above written.

GENERAL WARRANTY DEED

STATE OF GEORGIA
COUNTY OF COBB

THIS INDENTURE is made this 27th day of July, 2015 between Juanita Sexton as Grantor,
and Whitefield Academy, Inc., a Georgia not for profit corporation as Grantee.

(Wherever herein Grantor or Grantee is used, the name shall be considered as well to mean the
heirs, executors, administrators, successors, representatives and assigns of the same.)

WITNESSETH:

That GRANTOR, for and in consideration of the sum of TEN DOLLARS AND OTHER
VALUABLE CONSIDERATION, in hand paid at or before the sealing and delivery of these
presents, the receipt of which is hereby acknowledged, has granted, bargained and sold and by
these presents does grant, bargain, sell and convey, unto GRANTEE, the following described
property:

All that tract or parcel of land in Land Lot 539 of the 17th District 2nd Section of Cobb
County, Georgia, more particularly described on Exhibit "A", attached hereto and
incorporated herein by this reference, and which property is also shown on the boundary
survey attached hereto as Exhibit "B" and incorporated herein by this reference.

TO HAVE AND TO HOLD the said tract of land, with all and singular the rights, members

and appurtenances thereof, to the same being, belonging or in any way appertaining to the only proper use, benefit and behoof of Grantee forever, in Fee Simple.

AND GRANTOR, for herself, her heirs, assigns, successors, executors and administrators will warrant and forever defend the right and title to the above-described property unto GRANTEE, its heirs and assigns against all the lawful claims of all persons whomsoever.

Further, Grantor hereby quitclaims to Grantee, and Grantee's successors, successors-in-title, assigns, heirs and legal representatives, all of Grantor's right, title and interest, if any, in and to any land lying in the bed of any street, road, alley, avenue or right of way adjoining the property herein conveyed, together with all gaps, gores, vaults within or contiguous to said property, together with any and all easements serving said property, to have and hold said property and any and all of the rights, members and appurtenances thereof to the same being, or in anywise appertaining, to the only proper use, benefit and behoof of Grantee and Grantee's successors, successors-in-title, assigns, heirs and legal representatives, free and discharged of any claim of Grantor.

IN WITNESS WHEREOF, the said Grantor has herewith set her hand and seal the day and the year first above written.

Signed, Sealed and delivered in
the presence of the undersigned
this date: July 27, 2015.

WARRANTY DEED

STATE OF GEORGIA

COUNTY OF COBB

This Indenture made this 4th day of October, 2004 between CAROL H. PERRY aka CAROL HUGHES PERRY, of the County of COBB, State of Georgia, as party or parties of the first part, hereinafter called Grantor, and GEORGE U. AMAH, as party or parties of the second part, hereinafter called Grantee (the words "Grantor" and "Grantee" to include their respective heirs, successors and assigns where the context requires or permits).

WITNESSETH that: Grantor, for and in consideration of the sum of TEN AND 00/100'S (\$10.00) Dollars and other good and valuable considerations in hand paid at and before the sealing and delivery of these presents, the receipt whereof is hereby acknowledged, has granted, bargained, sold, aliened, conveyed and confirmed, and by these presents does grant, bargain, sell, alien, convey and confirm unto the said Grantee,

TRACT 1:

All that tract or parcel of land lying and being in Land Lot 539 of the 17th District, 2nd Section, Cobb County, Georgia, being Parcel "B", containing 2.00 acres, as shown on Plat of Survey for Kenneth F. Perry and Carol H. Perry prepared by Kenneth L. Nutt, Georgia Registered Land Surveyor #2104, dated November 14, 1989, revised December 19, 1989 and February 2, 1990, filed for record February 2, 1990, in Plat Book 130, page 9, Cobb County Records, which plat is incorporated herein by reference thereto.

Together With a non-exclusive perpetual right of ingress and egress to such property over Field Road (a non-public dirt road) as shown on the above referenced plat of survey.

This Deed is given subject to all easements and restrictions of record, if any.

TO HAVE AND TO HOLD the said tract or parcel of land, with all and singular the rights, members and appurtenances thereof, to the same being, belonging, or in anywise appertaining, to the only proper use, benefit and behoof of the said Grantee forever in FEE SIMPLE.

AND THE SAID Grantor will warrant and forever defend the right and title to the above described property unto the said Grantee against the claims of all persons whomsoever.

IN WITNESS WHEREOF, Grantor has hereunto set grantor's hand and seal this day and year first above written.

LIMITED WARRANTY DEED

THIS INDENTURE, made as of the 20th day of June, in the year Two Thousand Eleven, between

LORRAINE C. JOHNSON AND MAC A. JOHNSON, AS CO-TRUSTEES UNDER ITEM VI OF THE WILL OF HUBERT R. JOHNSON (also known as the Hubert R. Johnson Residual Trust and the Lorraine C. Johnson Residual Trust)

as party of the first part (hereinafter referred to as "Grantor"), and

CRYPT PROPERTY, LLC,
a Georgia limited liability company,

as party of the second part (hereinafter referred to as "Grantee"); the words "Grantor" and "Grantee" include their respective heirs, successors, and assigns where the context requires or permits.

WITNESSETH:

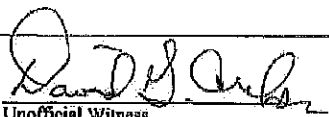

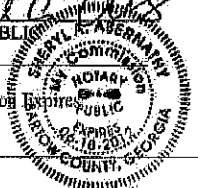

THAT, Grantor, for and in consideration of the sum of Ten and No/100 Dollars (\$10.00), and other good and valuable considerations, in hand paid at and before the sealing and delivery of these presents, the receipt and sufficiency whereof are hereby acknowledged, has granted, bargained, sold, aliened, conveyed and confirmed, and by these presents does hereby grant, bargain, sell, alien, convey and confirm unto Grantee all that certain tract or parcel of real property lying and being in Cobb County, Georgia, being more particularly described on Exhibit "A" attached hereto and made a part hereof, together with all improvements thereon and appurtenances thereto (collectively, the "Property").

This conveyance is made subject only to those certain matters described on Exhibit "B" attached hereto and made a part hereof.

TO HAVE AND TO HOLD said tract or parcel of real property, with all and singular the rights, members and appurtenances thereof, to the same being, belonging, or in any manner appertaining, to the only proper use, benefit and behoof of Grantee, forever in FEE SIMPLE.

AND THE SAID Grantor will warrant and forever defend the right and title to the above described property unto the said Grantee against the claims of all persons claiming by, through or under Grantor.

IN WITNESS WHEREOF, Grantor has signed and sealed this deed the day and year first above written.

Exhibit "A" - Legal Description

TRACT 1: All that tract or parcel of land lying and being in Land Lot 610 of the 17th District, 2nd Section of Cobb County, Georgia and being more particularly described as follows:

BEGINNING at a point on the north line of said Land Lot 610, at its intersection with the west bank of Niskajack Creek, and running thence southeasterly along the west bank of said creek, and following said creek, until the intersection of the west bank of Niskajack Creek with the south line of Land Lot 610; running thence easterly along the south line of Land Lot 610 to the southeast corner of said Land Lot 610 at its intersection with the Land Lot line dividing Land Lots 610 and 615; running thence northerly along said Land Lot line dividing Land Lots 610 and 615 to the northeast corner of Land Lot 610; running thence westerly along the north line of Land Lot 610 to its intersection with the west bank of Niskajack Creek and the **POINT OF BEGINNING**.

LESS AND EXCEPT the property lying northeast of the southwestern margin of the right of way for the Southern Railway Company.

Tract 1 being the same property as is described in Deed Book 1238, Page 334, Cobb County, Georgia records together with a portion of the property described in Deed Book 1959, Page 125, aforesaid records.

TRACT 2: All that tract or parcel of land lying and being in Land Lots 614 and 615 of the 17th District, 2nd Section of Cobb County, Georgia and being more particularly described as follows:

BEGINNING at the northwestern corner of said Land Lot 614 being a point in the center of the public road marked by an iron pin, said point also being the southwestern corner of Land Lot 615; and running thence in a southeasterly direction along said public road which is known as Buckner Road, a distance of 479 feet to a point; running thence northerly to the southwestern side of the Southern Railway right of way; running thence northwesterly along the southwestern right of way of said railroad through the north part of said Land Lot 614 and continuing on into Land Lot 615 and across the southwestern corner of same to a point on the western original land lot line of said Land Lot 615, said point being marked by an iron pin; running thence southerly along said western original line of Land Lot 615 to the southwestern corner of said Land Lot 615 and the point of beginning.

Tract 2 being the same property as is described in Deed Book 1250, Page 395, Cobb County, Georgia records.

Exhibit "A" – Legal Description(Continued)

TRACT 3:

All that tract or parcel of land lying and being in Land Lot 609, 17th District, Second Section, Cobb County, Georgia, said tract of land of approximately six acres being all of Land Lot 609 lying south west of the Southern Railway Railway right of way, but subject to the rights of way and easements of record, that tract being more specifically delineated by the following boundaries:

Beginning at an iron pin set at the southwest corner of Land Lot 609, running thence northerly along the Land Lot line separating Land Lot 609 and Land Lot 544 a distance of 743.2 feet more or less to a point at which this line separating Land Lots 609 and 544 intersects the southwestern Southern Railway right of way; thence running in a southeasterly direction along the southwestern Southern Railway right of way a distance of 665 feet to a point; thence continuing in a southeasterly direction along the southwestern right of way of the Southern Railway a distance of 400 feet more or less to a point at which said Southern Railway right of way intersects with the southern boundary line of Land Lot 609; this point being on the Land Lot line between Land Lot 609 and Land Lot 610; thence running westerly from this point a distance of 684.7 feet more or less back to the point of beginning. Said Land Lot is shown and delineated by a Plat of the same made by E.A. Roberts and H.L. Bush dated February 4, 1939 and recorded in Plat Book 4, Page 47 Cobb County, Georgia records.

Tract 3 being the same property as was conveyed at Deed Book 1405, Page 639. Cobb County, Georgia records.

EXHIBIT "A" (Tract 1)

Property Line Description for Whitefield Academy

All that tract or parcel of land lying and being in Land Lots 538, 539, 542, 543, 610, and 611 of the 17th District, 2nd Section, City of Smyrna, Cobb County, Georgia, and being more particularly described as follows:

Beginning at a #4 rebar, set at the intersection of the northerly right of way line of Buckner Road (Variable R/W) and the northeasterly mitered right of way of Pebblebrook Road (Variable R/W), said point being the POINT OF BEGINNING.

thence along said northeasterly mitered right of way of Pebblebrook Road North 73 degrees 53 minutes 25 seconds West, 24.03 feet to a point; thence continuing along said northeasterly right of way of Pebblebrook Road leaving said mitered right of way along a curve to the right, an arc distance of 112.61 feet, said curve having a radius of 2159.48 feet and being subtended by a chord of 112.60 feet, at North 35 degrees 27 minutes 51 seconds West, to a point; thence North 33 degrees 58 minutes 13 seconds West, 44.72 feet to a point; thence along a curve to the left, an arc distance of 107.09 feet, said curve having a radius of 148.85 feet and being subtended by a chord of 104.80 feet, at North 54 degrees 34 minutes 51 seconds West, to a point; thence North 68 degrees 43 minutes 33 seconds West, 53.69 feet to a point; thence along a curve to the left, an arc distance of 55.95 feet,

said curve having a radius of 760.71 feet and being subtended by a chord of 55.94 feet, at North 86 degrees 36 minutes 21 seconds West, to a point; thence North 88 degrees 42 minutes 45 seconds West, 64.92 feet to a point; thence South 01 degrees 17 minutes 15 seconds West, 12.00 feet to a point; thence North 88 degrees 42 minutes 45 seconds West, 101.07 feet to a point; thence along a curve to the right, an arc distance of 56.41 feet, said curve having a radius of 1772.39 feet and being subtended by a chord of 56.41 feet, at North 87 degrees 48 minutes 02 seconds West, to a point; thence leaving said northeasterly right of way of Pebblebrook Road and along the property of now or formerly Roy Poss North 00 degrees 40 minutes 36 seconds East, 377.47 feet to a #4 rebar found;

thence North 89 degrees 21 minutes 21 seconds West, 179.40 feet to a #4 rebar found; thence South 00 degrees 39 minutes 37 seconds West, 145.54 feet to a #4 rebar set; thence South 00 degrees 38 minutes 51 seconds West, 220.00 feet to an axle found on the said northeasterly right of way of Pebblebrook Road; thence along said northeasterly right of way of Pebblebrook Road along a curve to the left, an arc distance of 101.50 feet, said curve having a radius of 341.19 feet and being subtended by a chord of 101.12 feet, at South 85 degrees 16 minutes 44 seconds West, to a point;

thence continuing along said northeasterly right of way of Pebblebrook Road South 76 degrees 45 minutes 24 seconds West, 253.96 feet to a point; thence along a curve to the left, an arc distance of 55.48 feet, said curve having a radius of 908.22 feet and being subtended by a chord of 55.47 feet, at South 75 degrees 00 minutes 24 seconds West, to a #4 rebar set; thence North 11 degrees 03 minutes 18 seconds West, 4.38 feet to a point; thence along a curve to the left, an arc distance of 47.31 feet,

said curve having a radius of 1091.46 feet and being subtended by a chord of 47.31 feet, at South 71 degrees 44 minutes 49 seconds West, to a #4 rebar set; thence leaving said northeasterly right

of way of Pebblebrook Road and along the property of now or formerly James Moore North 13 degrees 55 minutes 51 seconds West, 62.17 feet to a #4 rebar found; thence North 00 degrees 03 minutes 32 seconds West, 82.01 feet to a #4 rebar found; thence North 89 degrees 24 minutes 34 seconds West, 208.84 feet to a #4 rebar set; thence South 01 degrees 00 minutes 06 seconds West, 79.81 feet to a 1" open top found at the intersection of Land Lots 538, 539, 542 and 543; thence South 01 degrees 55 minutes 51 seconds West, 168.98 feet to a 1" open top found on said northeasterly right of way of Pebblebrook Road; thence along said northeasterly right of way of Pebblebrook Road along a curve to the left, an arc distance of 108.59 feet, said curve having a radius of 798.89 feet and being subtended by a chord of 108.50 feet, at South 62 degrees 43 minutes 40 seconds West, to a point;

thence continuing along said northeasterly right of way of Pebblebrook Road South 58 degrees 50 minutes 02 seconds West, 274.44 feet to a point; thence along a curve to the right, an arc distance of 129.31 feet, said curve having a radius of 1234.88 feet and being subtended by a chord of 129.25 feet, at South 61 degrees 49 minutes 59 seconds West, to a #4 rebar found; thence leaving said northeasterly right of way of Pebblebrook Road and along the property of now or formerly Juanita and Kevin Sexton North 39 degrees 57 minutes 57 seconds West, 271.01 feet to a #4 rebar set; thence along the property of now or formerly of Carol A. Perry North 38 degrees 59 minutes 45 seconds East, 228.33 feet to a #4 rebar set; thence North 53 degrees 51 minutes 56 seconds East, 83.43 feet to a #4 rebar set on the common line of Land Lots 538 & 539; thence along said Land Lot Line North 88 degrees 14 minutes 21 seconds West, 104.88 feet to a #4 rebar set; thence leaving said Land Lot Line and along the property of now or formerly Tina White North 01 degrees 02 minutes 05 seconds East, 209.07 feet to a #4 rebar found; thence North 81 degrees 16 minutes 41 seconds West, 12.80 feet to a #5 rebar found; thence along the property of now or formerly Michael Avery Jones North 01 degrees 47 minutes 09 seconds East, 773.82 feet to a #4 rebar set; thence along the property of now or formerly of Vinings Estates Subdivision, Unit 12A, Lots 655-659 South 89 degrees 48 minutes 58 seconds East, 500.30 feet to a #4 rebar set; thence along the property of now or formerly Charles F. Coleman & Cheryl L. Coleman South 33 degrees 32 minutes 06 seconds East, 31.96 feet to a #4 rebar set on the common line of land lots 538 & 543; thence along said common land lot line and along the property of now or formerly of Vinings Estates Subdivision, Unit 12A, Lot 654 South 00 degrees 48 minutes 34 seconds West, 184.73 feet to a #4 rebar set; thence leaving said common land lot line and along the property of now or formerly Vining Estates Subdivision, Unit 12C, Lot 651 South 89 degrees 11 minutes 26 seconds East, 222.24 feet to a #4 rebar set; thence along the property of now or formerly Donald H. Whitney & Cathy J. Whitney South 20 degrees 55 minutes 38 seconds West, 18.23 feet to a #4 rebar set; thence South 53 degrees 12 minutes 39 seconds East, 92.44 feet to a #4 rebar set; thence South 78 degrees 56 minutes 41 seconds East, 77.10 feet to a #4 rebar set; thence North 52 degrees 27 minutes 56 seconds East, 32.58 feet to a #4 rebar set; thence North 10 degrees 40 minutes 40 seconds West, 66.25 feet to a #4 rebar set; thence along the property of now or formerly Vinings Estates Subdivision, Unit 12C, Lot 649 South 89 degrees 11 minutes 26 seconds East, 37.93 feet to a #4 rebar set; thence along the property of now or formerly Vinings Estates Subdivision, Unit 12C, Lots 647-649 North 50 degrees 18 minutes 00 seconds East, 458.26 feet to a #4 rebar found; thence along the property of now or formerly Bryan K. Owens & Sharon Owens South 42 degrees 51 minutes 45 seconds East, 13.46 feet to a #4 rebar set; thence North 46 degrees 24 minutes 28 seconds East, 104.99 feet to a #4 rebar set; thence North 35 degrees 31 minutes 45 seconds East, 24.78 feet to a #4 rebar found; thence along the property of now or formerly Vinings Estates Subdivision, Unit

12C, Lot 645 North 50 degrees 18 minutes 00 seconds East, 129.45 feet to a #4 rebar found; thence along the property of now or formerly Wayne K. Soud, Jr. & Mary R. Soud South 35 degrees 04 minutes 38 seconds East, 21.60 feet to a #4 rebar set; thence North 60 degrees 23 minutes 47 seconds East, 208.20 feet to a #4 rebar found; thence along the property of now or formerly Vinings Estates Subdivision, Unit 12C, Lot 643 and Vinings Estates Community Association North 67 degrees 51 minutes 28 seconds East, 191.69 feet to a 1" x 1" square iron rod at the intersection of Land Lots 543, 544, 609 and 610; thence leaving said land lot corner and along the property of now or formerly Lorraine C. Johnson Residual Trust South 84 degrees 22 minutes 42 seconds East, 61.96 feet to a point on the top of westerly bank of Nickajack Creek; thence following along said top of westerly creek bank of Nickajack Creek in a southeasterly direction being subtended by the following courses: South 56 degrees 07 minutes 57 seconds East, 166.12 feet to a point; South 53 degrees 01 minutes 32 seconds East, 258.05 feet to a point; South 53 degrees 28 minutes 18 seconds East, 511.97 feet to a point; South 46 degrees 45 minutes 32 seconds East, 231.36 feet to a point; South 50 degrees 53 minutes 22 seconds East, 157.84 feet to a point; South 34 degrees 47 minutes 21 seconds East, 107.47 feet to a point; South 14 degrees 52 minutes 09 seconds East, 132.95 feet to a point; South 00 degrees 26 minutes 29 seconds East, 105.31 feet to a point; South 06 degrees 40 minutes 37 seconds West, 221.79 feet to a point; South 14 degrees 38 minutes 22 seconds East, 37.10 feet to a point at the intersection of the top of the westerly creek bank of Nickajack Creek and the northerly right of way of Buckner Road thence along said northerly right of way of Buckner Road along a curve to the left, an arc distance of 135.49 feet, said curve having a radius of 594.05 feet and being subtended by a chord of 135.20 feet, at South 80 degrees 35 minutes 16 seconds West, to a point; thence along a curve to the left, an arc distance of 122.95 feet, said curve having a radius of 1147.26 feet and being subtended by a chord of 122.89 feet, at South 70 degrees 59 minutes 01 seconds West, to a point; thence South 73 degrees 53 minutes 08 seconds West, 115.09 feet to a point; thence South 16 degrees 06 minutes 52 seconds East, 12.00 feet to a point; thence South 73 degrees 53 minutes 08 seconds West, 150.56 feet to a point; thence South 72 degrees 18 minutes 46 seconds West, 114.71 feet to a point; thence along a curve to the right, an arc distance of 220.39 feet, said curve having a radius of 473.00 feet and being subtended by a chord of 218.40 feet, at South 85 degrees 39 minutes 39 seconds West, to a point; thence North 80 degrees 59 minutes 27 seconds West, 35.46 feet to a point; thence North 80 degrees 34 minutes 31 seconds West, 78.46 feet to a point; thence along a curve to the left, an arc distance of 223.27 feet, said curve having a radius of 422.92 feet and being subtended by a chord of 220.69 feet, at South 84 degrees 18 minutes 03 seconds West, to a point, said point being the POINT OF BEGINNING.

Said tract or parcel contains 76.23 acres.

EXHIBIT "A" (Tract 2 - Poss Purchase 2013)

ALL THAT TRACT OR PARCEL OF LAND lying and being in Land Lot 543 of the 17th District, 2nd Section, Cobb County, Georgia and being more particularly described as follows:

Commencing at a 1" open top pipe found at the shared corner of Land Lots 538, 539, 542 & 543; *Thence* running along the Land Lot 538 & 543 line a bearing of N01°00'06"E a distance of 79.81' to #4 rebar found; *Thence* leaving said Land Lot line running a bearing of S89°24'34"E a distance of 208.84' to a #4 rebar found; *Thence* running a bearing of S00°03'32"E a distance of 82.01' to a #4 rebar found on the Land Lot 542 & 543 line; *Thence* running a bearing of S13°55'51"E a distance of 62.17' to a #4 rebar found on the northerly right-of-way line of Pebblebrook Road (right-of-way varies); *Thence* running along said right-of-way a curve to the right an arc distance of 47.31', said curve having a radius of 1091.46, subtended by a chord of 47.31' with a bearing of N71°44'49"E to a point; *Thence* continuing to run along said right-of-way a bearing of S11°03'18"E a distance of 4.38' to a #4 rebar found; *Thence* continuing to run along said right-of-way a curve to the right an arc distance of 55.48', said curve having a radius of 908.22', subtended by a chord of 55.47' with a bearing of N75°00'24"E to a point; *Thence* continuing to run along said right-of-way a bearing of N76°45'24"E a distance of 253.96' to a point; *Thence* continuing to run along said right-of-way a curve to the right an arc distance of 101.50', said curve having a radius of 341.19', subtended by a chord of 101.12' with a bearing N85°16'44"E to an axle found and the **TRUE POINT OF BEGINNING**;

FROM SAID TRUE POINT OF BEGINNING, *Thence* leaving the right-of-way of Pebblebrook Road running a bearing of N00°38'51"E a distance of 220.00' to a #4 rebar found; *Thence* running a bearing of N00°39'37"E a distance of 145.54' to a #4 rebar found; *Thence* running a bearing of S89°21'21"E a distance of 179.40' to a #4 rebar found; *Thence* running a bearing of S00°40'36"W a distance of 377.47' to a #4 rebar set on the northerly right-of way line of Pebblebrook Road (right-of-way varies); *Thence* running along said right-of-way a curve to the right an arc distance of 48.32', said curve having a radius of 1772.39', subtended by a chord of 48.32' with a bearing of N86°06'28"W to a point; *Thence* continuing to run along said right-of-way a bearing of N85°19'36"W a distance of 126.13' to a point; *Thence* continuing to run along said right-of-way a curve to the left an arc distance of 5.19', said curve having a radius of 341.19', subtended by a chord of 5.19' with a bearing of N85°45'46"W to an axle found and the **TRUE POINT OF BEGINNING**.

The above-described property contains 1.53 acres more or less and can be found described graphically on an ALTA/ACSM Land Title Survey for Whitefield Academy Inc. and First American Title Company, dated March 20, 2013, revised April 4, 2013, prepared by Gaskins Surveying Company.

EXHIBIT "A" *(tract 3 - Sexton purchase 2015)*

ALL THAT TRACT OR PARCEL OF LAND LYING AND BEING IN LAND LOT 539, OF THE 17TH DISTRICT, 2nd SECTION, COBB COUNTY, GEORGIA, AND BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCING AT AN OPEN TOP FOUND AND THE CORNER FORMED BY LAND LOTS 538, 539, 542 & 543 AND PROCEED SOUTH 00 DEGREES 13 MINUTES 15 SECONDS EAST ALONG LAND LOT LINE OF 539 & 542 TO AN OPEN TOP FOUND AND THE NORTH 40' RIGHT OF WAY OF PEBBLEBROOK ROAD; THENCE LEAVING SAID LAND LOT LINE AND TRAVELING ALONG SAID RIGHT OF WAY THE FOLLOWING COURSES AND DISTANCES, SOUTH 60 DEGREES 34 MINUTES 34 SECONDS WEST A DISTANCE OF 108.50 FEET TO A POINT; THENCE SOUTH 56 DEGREES 40 MINUTES 56 SECONDS WEST A DISTANCE OF 274.44 TO A POINT; THENCE SOUTH 59 DEGREES 40 MINUTES 53 SECONDS WEST A DISTANCE OF 129.25 FEET TO A 1/2" IRON PIN FOUND; THENCE NORTH 42 DEGREES 07 MINUTES 03 SECONDS WEST A DISTANCE OF 2.00 FEET TO THE TRUE POINT OF BEGINNING;

BEGINNING AND LEAVING THE 40 FOOT RIGHT OF WAY OF PEBBLEBROOK ROAD AND PROCEED NORTH 42 DEGREES 07 MINUTES 03 SECONDS WEST A DISTANCE OF 278.74 FEET TO THE CENTERLINE OF A 10' PRIVATE ROAD; THENCE PROCEED ALONG THE CENTERLINE OF A 10' PRIVATE ROAD THE FOLLOWING COURSES AND DISTANCES; SOUTH 42 DEGREES 04 MINUTES 01 SECONDS WEST A DISTANCE OF 2.49 FEET TO A POINT; SOUTH 43 DEGREES 43 MINUTES 42 SECONDS WEST A DISTANCE OF 44.76 FEET TO A POINT; SOUTH 39 DEGREES 00 MINUTES 08 SECONDS WEST A DISTANCE OF 51.81 FEET TO A POINT; SOUTH 29 DEGREES 21 MINUTES 02 SECONDS WEST A DISTANCE OF 51.17 FEET TO A POINT; SOUTH 18 DEGREES 21 MINUTES 47 SECONDS WEST A DISTANCE OF 42.40 FEET TO A POINT; SOUTH 07 DEGREES 06 MINUTES 13 SECONDS WEST A DISTANCE OF 119.72 FEET TO A POINT ON THE 50 FOOT RIGHT OF WAY OF PEBBLEBROOK ROAD; THENCE PROCEED ALONG SAID RIGHT OF WAY SOUTH 89 DEGREES 15 MINUTES 55 SECONDS EAST A DISTANCE OF 6.04 FEET TO A POINT; THENCE PROCEED ALONG SAID RIGHT OF WAY SOUTH 07 DEGREES 06 MINUTES 13 SECONDS WEST A DISTANCE OF 5.04 FEET TO A POINT ON THE 40 FOOT RIGHT OF WAY OF PEBBLEBROOK ROAD; THENCE PROCEED ALONG A CURVE TO THE LEFT HAVING A RADIUS OF 495.78 FEET AND AN ARC DISTANCE OF 166.40 FEET, SAID CURVE BEING SUBTENDED BY A BEARING OF NORTH 82 DEGREES 04 MINUTES 43 SECONDS AND A CHORD DISTANCE OF 165.62 FEET TO A POINT; THENCE PROCEED ALONG A CURVE TO THE LEFT HAVING A RADIUS OF 787.54 FEET AND AN ARC DISTANCE OF 145.87 FEET, SAID CURVE BEING SUBTENDED BY A BEARING OF NORTH 68 DEGREES 28 MINUTES 18 SECONDS AND A CHORD DISTANCE OF 145.66 FEET TO A POINT AND THE TRUE POINT OF BEGINNING.

SAID TRACT CONTAINING 49,755 SQUARE FEET OR 1.14 ACRES

Crypt Property

LEGAL DESCRIPTION

All that tract or parcel of land lying and being in Land Lots 609, 610, 614, and 615, 17th District, 2nd Section, Cobb County, Georgia, and being more fully described as follows:

Beginning at an open top pipe located at the corner common to Land Lots 543, 544, 609, and 610, said open top pipe being the Point of Beginning. Thence from the Point of Beginning running N05°20'10"E along the Land Lot Line dividing Land Lots 544 and 609 a distance of 747.83 feet to an iron pin located on the southwesterly right-of-way of Norfolk Southern Corporation Railroad (200' R/W). Thence running southeasterly along the said southwesterly right-of-way of Norfolk Southern Corporation Railroad the following courses and distances: running southeasterly following the arc of a curve to the right an arc distance of 3.44 feet (said arc having a radius of 2,549.69 feet, a chord bearing of S45°24'52"E, a chord distance of 3.44 feet) to a point. Thence running southeasterly following the arc of a curve to the right an arc distance of 98.63 feet (said arc having a radius of 2,491.49 feet, a chord bearing of S44°14'30"E, and a chord distance of 98.62 feet) to a point. Thence running southeasterly following the arc of a curve to the right an arc distance of 97.01 feet (said arc having a radius of 2,634.70 feet, a chord bearing of S42°03'10"E, and a chord distance of 97.00 feet) to a point. Thence running southeasterly following the arc of a curve to the right an arc distance of 96.49 feet (said arc having a radius of 2,986.16 feet, a chord bearing of S40°04'21"E and a chord distance of 96.49 feet) to a point. Thence running southeasterly following the arc of a curve to the right an arc distance of 87.16 feet (said arc having a radius of 2,290.18 feet, a chord bearing of S38°03'24"E, and a chord distance of 87.15 feet) to a point. Thence running southeasterly and following the arc of a curve to the right an arc distance of 92.28 feet (said arc having a radius of 3,126.55 feet, a chord bearing of S36°07'15"E, and a chord distance of 92.28 feet) to a point. Thence running southeasterly following the arc of a curve to the right an arc distance of 92.55 feet (said arc having a radius of 3,104.98 feet, a chord bearing of S34°25'16"E, and a chord distance of 92.55 feet) to a point. Thence running southeasterly following the arc of a curve to the right an arc distance of 189.99 feet (said arc having a radius of 69,346.28 feet, a chord bearing of S33°29'19"E, and a chord distance of 189.99 feet) to a point. Thence running S33°24'37"E a distance of 249.63 feet to a point. Thence running S33°24'37"E a distance of 139.71 feet to a point. Thence running S33°04'26"E a distance of 1,040.64 feet to a point. Thence running S33°57'15"E a distance of 99.12 feet to a point. Thence running southeasterly following the arc of a curve to the left an arc distance of 642.40 feet

(said arc having a radius of 2,986.83 feet, a chord bearing of S40°06'57"E, and a chord distance of 641.17 feet) to an iron pin. Thence leaving the said southwesterly railroad right-of-way and running S57°23'16"W a distance of 89.91 feet to an iron pin located on the northeasterly right-of-way of Buckner Road (R/W Varies). Thence running northwesterly along the said northeasterly right-of-way of Buckner Road the following courses and distances: running northwesterly following the arc of a curve to the left an arc distance of 198.69 feet (said arc having a radius of 1,288.24 feet, a chord bearing of N67°32'47"W, and a chord distance of 198.49 feet) to a point. Thence running N71°57'53"W a distance of 202.19 feet to a point. Thence running N73°15'03"W a distance of 40.96 feet to a point. Thence running northwesterly and following the arc of a curve to the left an arc distance of 31.16 feet (said arc having a radius of 724.78 feet, a chord bearing of N72°51'31"W, and a chord distance of 31.16 feet) to a point. Thence running northwesterly following the arc of a curve to the left an arc distance of 192.05 feet (said arc having a radius of 724.78 feet, a chord bearing of N81°40'53"W, and a chord distance of 191.49 feet) to an iron pin located at the intersection of the said northeasterly right-of-way of Buckner Road and the westerly bank of Nickajack Creek. Thence leaving the said northeasterly right-of-way of Buckner Road and running northerly and northwesterly along the said westerly bank of Nickajack Creek the following courses and distances: N10°06'50"W a distance of 37.10 feet to a point. Thence running N11°12'09"E a distance of 221.79 feet to a point. Thence running N04°05'03"E a distance of 105.31 feet to a point. Thence running N10°20'37"W a distance of 132.05 feet to a point. Thence running N30°15'49"W a distance of 107.47 feet to a point. Thence running N46°21'50"W a distance of 157.84 feet to a point. Thence running N42°14'00"W a distance of 231.36 feet to a point. Thence running N48°56'46"W a distance of 286.46 feet to a point. Thence running N48°56'46"W a distance of 225.51 feet to a point. Thence running N48°30'00"W a distance of 258.05 feet to a point. Thence running N46°48'16"W a distance of 156.21 feet to an iron pin located on the Land Lot Line dividing Land Lots 609 and 610. Thence leaving the said westerly bank of Nickajack Creek and running N84°49'47"W along the said Land Lot Line dividing Land Lots 609 and 610 a distance of 77.58 feet to the said open top pipe located at the corner common to Land Lots 543, 544, 609, and 610 and the Point of Beginning.

Said tract or parcel containing 18.7± acres or 814,549± square feet, as more particularly described in that certain survey entitled "Survey for Crypt Property, LLC and Metropolitan Title Agency, Inc.," dated May 24, 2011, last revision June 20, 2011, prepared by McClung Surveying Services, Inc., as certified by Michael R. Noles, GA RLS #2646.

1259 Pebblebrook legal description

All that land in land lot 539 of the 17th District, 2ND Section, Cobb County, Georgia which is more particularly described as Parcel "D" consisting of approximately .873 acres on that certain Survey prepared by Perimeter Surveying Co., Inc. dated November 14, 1989, approved January 19, 1990 and recorded in Plat Book 130 Page 9, Cobb County, Georgia Plat Records.

Re: Whitefield Academy expansion, +/-77.76 acres
Land Lots 538,539,542,543,610, and 611, 17th District,
Nickajack Creek Basin, South Cobb WRF

To Whom It May Concern:

Current Cobb County policy is to provide wastewater treatment capacity for approved zonings. CCWS will be able to provide capacity for your approved zoning classification with the following stipulations as set forth by the Cobb County Board of Commissioners:

→The developer has 150 days from this date to present plans for review and approval. Water and sewer fees must be paid and construction started within 90 days after plan approval.

→Should you fail to meet this stipulation, this letter of allocation is invalid and you must reapply to this department for capacity. No preference will be given and your request will be placed at the bottom of the request list.

→This letter is only valid for the project referenced. It is non-renewable, non-transferable, non-extendible and does not guarantee that sewer lines are at the site. Upgrades to existing water distribution and wastewater collection facilities may be required of the Developer if the demands of this proposal exceed the capacity limits of our existing or proposed facilities.

There is an 8 inch water main available for use in Buckner Road as well as an 8 inch water main available for use in Pebblebrook Road. A passing fire flow test will be required prior to approval of construction plans by this department.

Sincerely,

COBB COUNTY WATER SYSTEM

Tim Davidson
Plan Review Engineer
Engineering & Records Division

2.) THE NORTHING, EASTING, AND ELEVATION OF THE STARTING POINTS FOR THIS SURVEY WERE OBTAINED UTILIZING A TRIMBLE 5800 GPS RECEIVER WITH A TRIMBLE TSC2 DATA COLLECTOR RECEIVING REAL TIME CORRECTIONS VIA A PHONE FROM THE EGPS SOLUTIONS REAL TIME NETWORK. THE TECHNIQUE USED WAS RTK CORRECTED MEASUREMENTS FROM THE TRIMBLE VRS REAL TIME NETWORK OPERATED BY EGPS SOLUTIONS, INC. THE RELATIVE POSITIONAL ACCURACY OBTAINED ON THE POINTS UTILIZED IN THIS SURVEY WERE 0.04 FT. HORIZONTAL AND 0.07 FT. VERTICAL AT THE 95% CONFIDENCE LEVEL.

NOTE: 1.) AS--BUILT INFORMATION SHOWN WAS ONLY UPDATED FOR THE SURVEYED PROPERTY IN THE AREAS SHOWN WITH TOPOGRAPHICAL INFORMATION. THE IMPROVEMENTS SHOWN BASED UPON PREVIOUS SURVEYS OF THE SUBJECT TRACT ON THE REMAINDER OF THE PROPERTY WERE NOT VERIFIED BY THIS SURVEY AND ARE NOT CERTIFIED AS ACCURATE FOR THIS SURVEY.

2.) OVERHEAD POWER LINE (O/H) AND NATURAL GROUND ELEVATIONS (NG) WERE FIELD LOCATED 4--28-15. THE LOW TEMPERATURE WAS 53° AND HIGH TEMPERATURE FOR THE DAY WAS 72°. NO PRECIPITATION ON THAT DAY.

LOCATION OF UTILITIES EXISTING ON OR SERVING THE SUBJECT PROPERTY IS DETERMINED BY OBSERVABLE EVIDENCE ONLY. THIS PROPERTY MAY BE SUBJECT TO EASEMENTS, CLAIMS, PRESCRIPTION AND SUBSURFACE CONDITIONS THAT ARE NOT VISIBLE OR RECORDED, THUS DEEMING THEM UNDETERMINED AND NOT SHOWN. THIS PLAT IS INTENDED FOR THE PARTIES STATED ON THE FACE OF SURVEY. USE OF THE SURVEY BY THIRD PARTIES IS AT THEIR OWN RISK.

THIS PARCEL OF LAND IS IN THE 100 YEAR FLOOD
PLAIN AND IS IN ZONE A&AE; ACCORDING TO F.E.M.A.
COMMUNITY NUMBER # 130052, MAP 1
13067C0090 F DATED AUGUST 18, 1992

THIS PLAT IS PREPARED FROM A FIELD SURVEY USING A FIVE SECOND DIGITAL THEODOLITE AND ELECTRONIC DISTANCE METER ; LINEAR PRECISION OF TRAVERSE : $1/141,995$; ANGULAR ERROR: $3''$ PER POINT. THE TRAVERSE WAS ADJUSTED USING THE COMPASS RULE. LINEAR PRECISION OF THIS PLAT: $1/144,223$. MATTERS OF TITLE ARE EXCEPTED.

THE SURVEYOR'S CERTIFICATION EXTENDS ONLY TO THE TOPOGRAPHICAL ASPECTS AND THAT THE TOPOGRAPHICAL SURVEY DOES NOT CONSTITUTE A BOUNDARY SURVEY. THIS PLAT IS NOT TO BE RECORDED OR USED TO CONVEY PROPERTY.

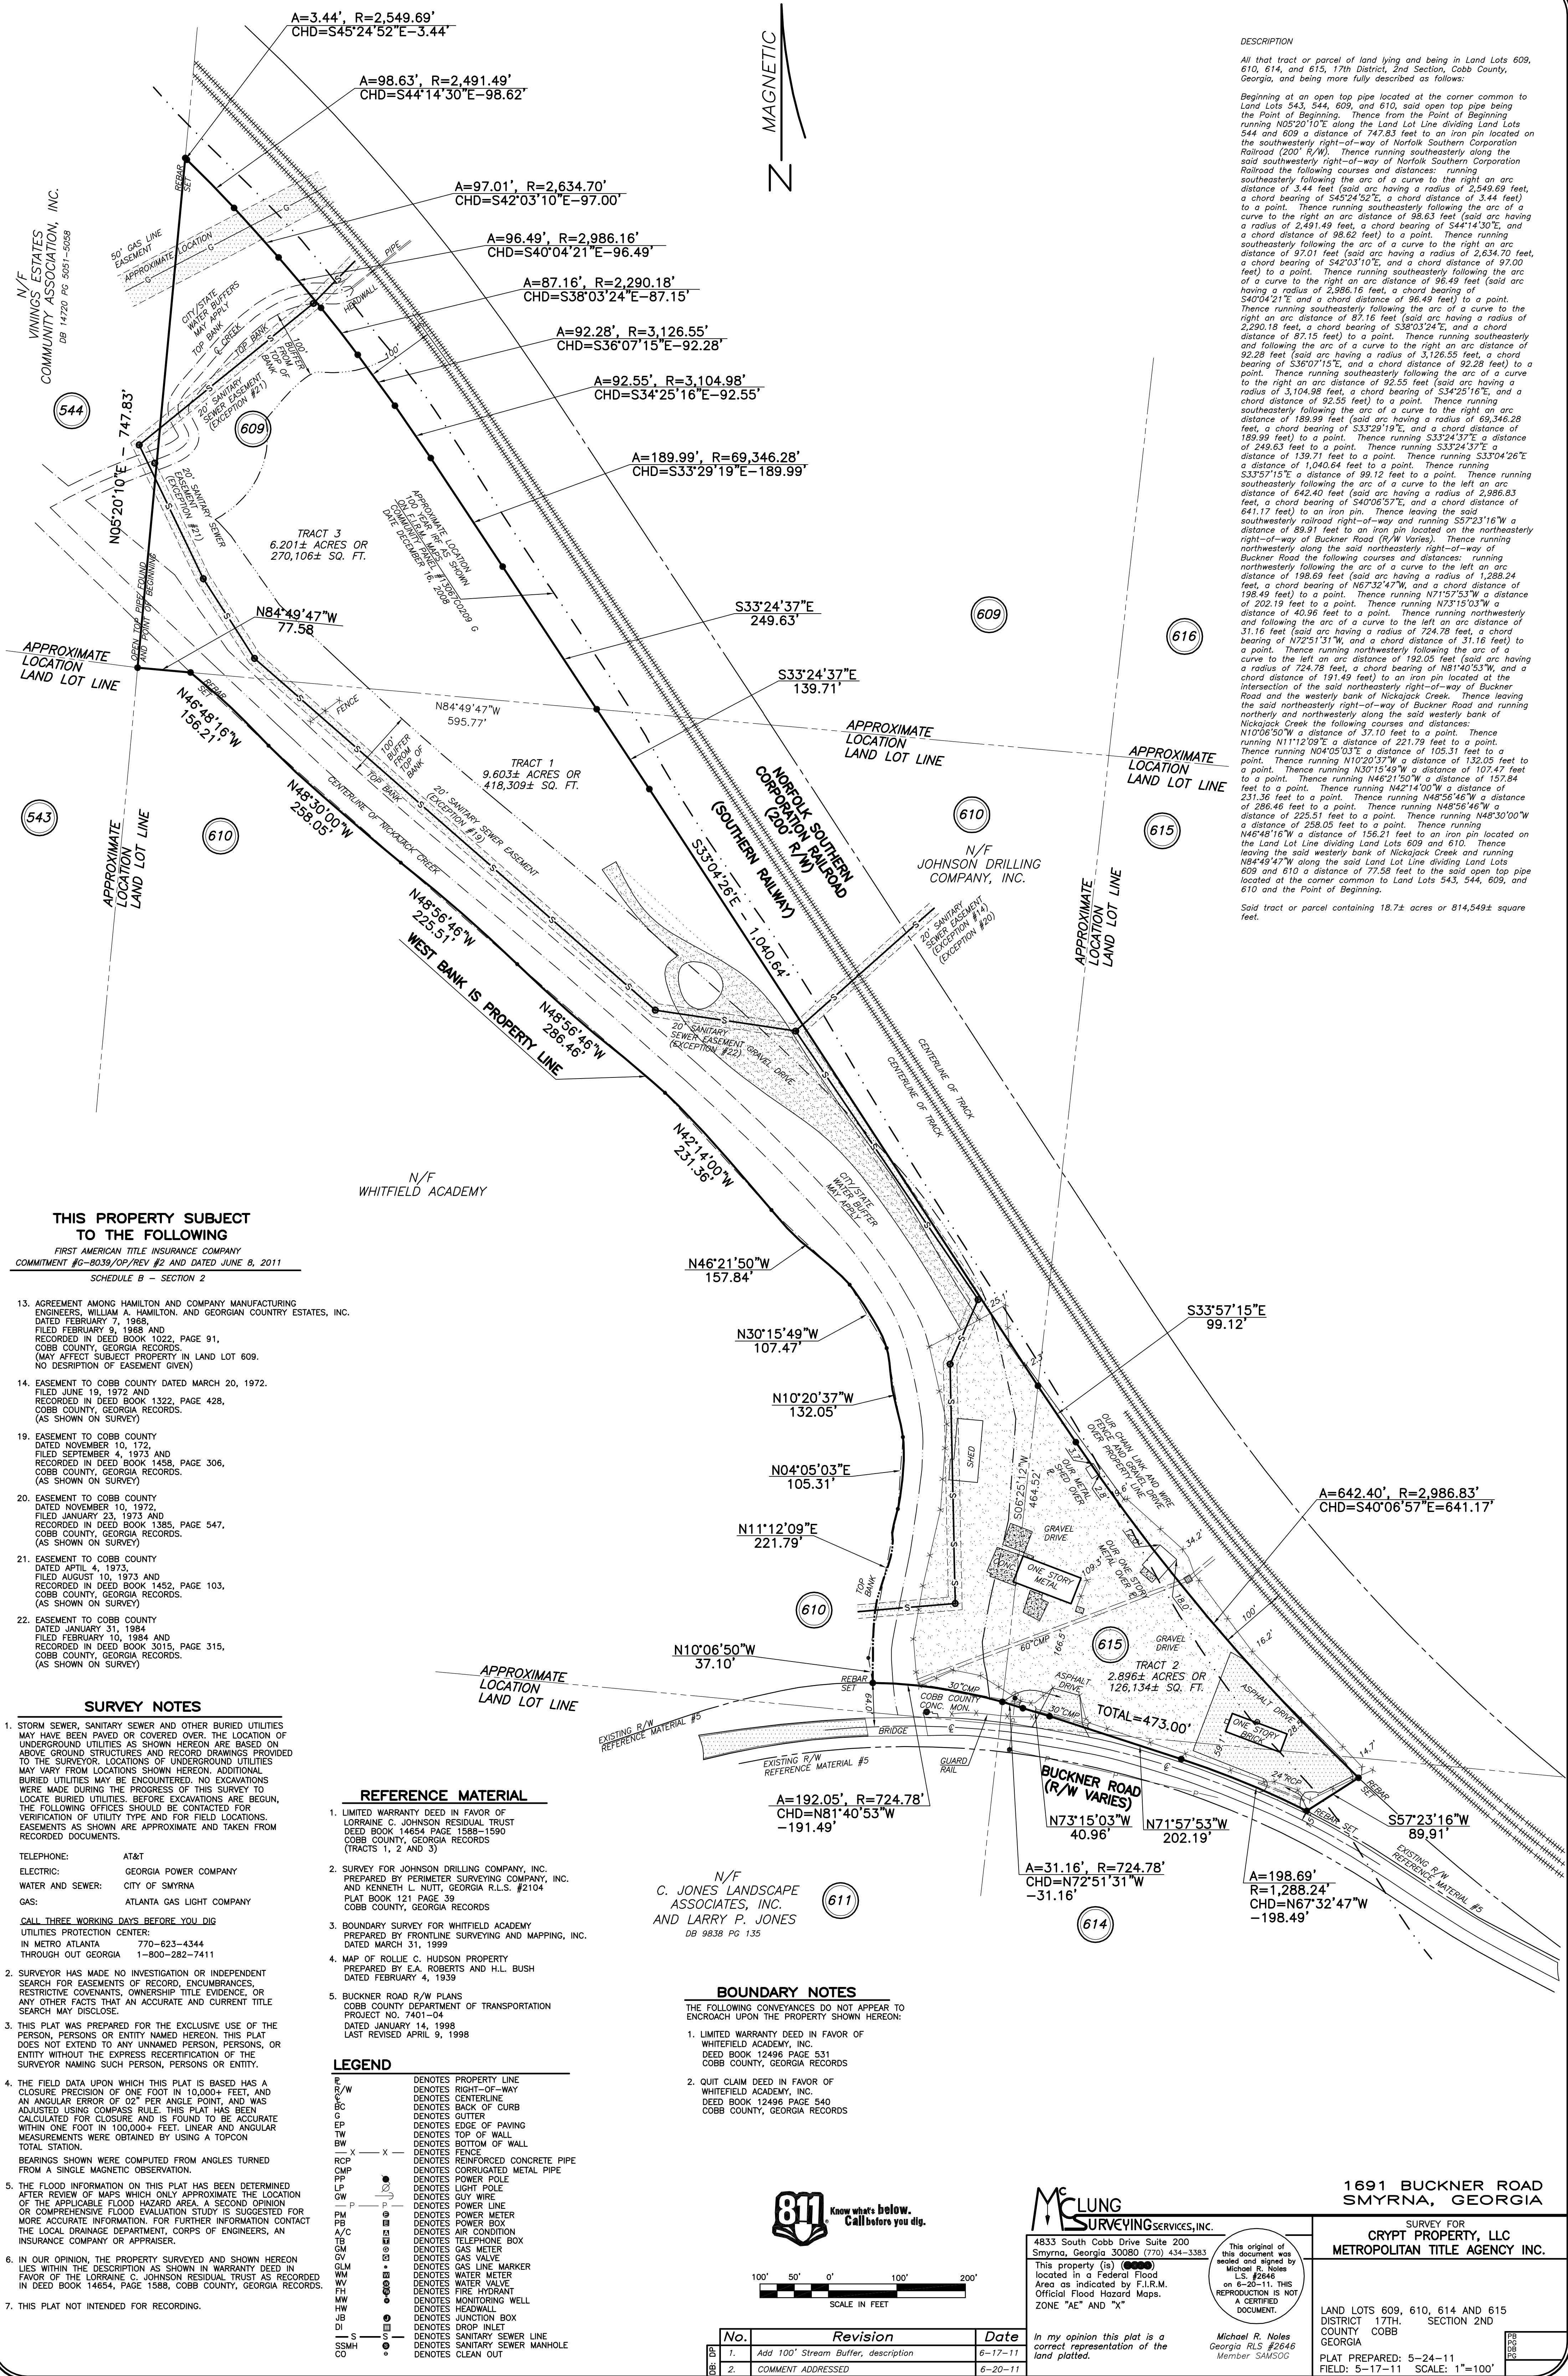

THIS SURVEY WAS PREPARED IN CONFORMITY WITH THE TECHNICAL STANDARDS FOR PROPERTY SURVEYS IN GEORGIA AS SET FORTH IN CHAPTER 180-7 OF THE RULES OF THE GEORGIA BOARD OF REGISTRATION FOR PROFESSIONAL ENGINEERS AND LAND SURVEYORS AND AS SET FORTH IN THE GEORGIA PLAT ACT O.C.G.A. 15-6-67.

Future Plat Statement

Application for Special Land Use Permit to the City of Smyrna for:

Whitefield Academy
1 Whitefield Drive
Mableton, GA 30126

FUTURE PLAT STATEMENT

Location: Whitefield Academy
1 Whitefield Drive
Mableton, GA 30126

This statement has been prepared as part of the Whitefield Academy Special Land Use Permit application.

The City of Smyrna Special Land Use Permit application states that the applicant submit "a copy of the plat of property as recorded in the office of the Clerk of Superior Court of Cobb County, Georgia and a plat reflecting the proposed special land use suitable and acceptable for recording in the office of the Clerk of Superior Court of Cobb County, Georgia".

At this time, this plat has been omitted from the application for the following reasons:

- a) A pending purchase of property to the west of the main campus is currently underway. While the current land Owner has signed titleholder has signed the application, the transaction is not complete, nor has incorporation into the City of Smyrna occurred. As soon as this transaction is complete, Whitefield Academy will file the plat as quickly as possible.
- b) The tracts to the east of campus are not owned by the campus as of yet. The landowner has signed a Letter of Intent to transfer the property to Whitefield (see Section I) but this has not occur at the time of this initial submittal. As soon as this transaction is complete, Whitefield Academy will file the plat as quickly as possible.

End of Statement

Mableton, GA 30126**

WATER AND SEWER COMMUNITY IMPACT STATEMENT

Location: Whitefield Academy
1 Whitefield Drive
Mableton, GA 30126

This statement has been prepared as part of the Whitefield Academy Special Land Use Permit application.

#1 Estimation of Water Consumption and Sewer Flows

The American Society of Plumbing Engineers plumbing guidelines provide waste and water flow estimates based on number of occupants. Per table 8-7, day schools with a cafeterias, gym and shower average 21.1 gallons per full time occupant:

Table 8-7 Typical Waste-Water Flows from Institutional Sources

Source	Unit	Waste-Water Flow, gpd/unit (L/d/unit)	
		Range	Typical
Hospital, medical	Bed	132.0–251.0 (500–950)	172.0 (650)
	Employee	5.3–15.9 (20–60)	10.6 (40)
Hospital, mental	Bed	79.3–172.0 (300–650)	106.0 (400)
	Employee	5.3–15.9 (20–60)	10.6 (40)
Prison	Inmate	79.3–159.0 (300–600)	119.0 (450)
	Employee	5.3–15.9 (20–60)	10.6 (40)
Rest home	Resident	52.8–119.0 (200–450)	92.5 (350)
	Employee	5.3–15.9 (20–60)	10.6 (40)
School, day			
With cafeteria, gym, showers	Student	15.9–30.4 (60–115)	21.1 (80)
With cafeteria only	Student	10.6–21.1 (40–80)	15.9 (60)
Without cafeteria, gym, showers	Student	5.3–17.2 (20–65)	10.6 (40)
School, boarding	Student	52.8–106.0 (200–400)	74.0 (280)

Whitefield Academy estimates future enrollment to be 1200 students and 150 employees.

1350 full time occupants x 21.1 gpd =

28,485 estimated gallons of waste/water per day at full campus build out.

#2 Domestic Water tie-in points.

Domestic water is provided to the campus by the Cobb County Water System. As documented in the Letter of Service by Tim Davidson, Plan Review Engineer, an 8" water main is available for campus use on Buckner Road as well as Pebblebrook Road.

It is estimated that the proposed western athletics complex will tie into the 8" Pebblebrook Road water main which is approximately 600 l.f. from the furthest building.

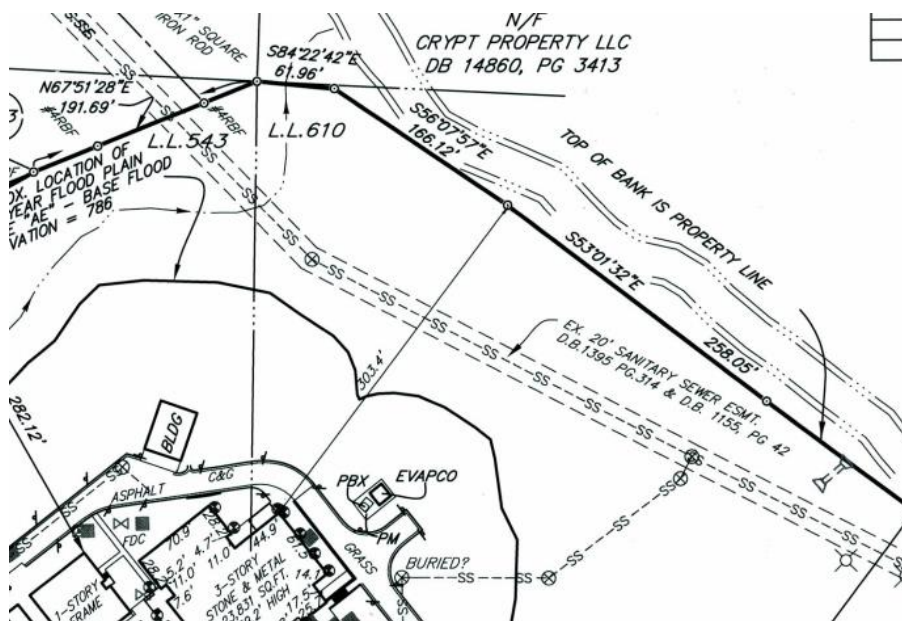

It is estimated that the proposed tennis complex will tie into the 8" Pebblebrook Road water main which is approximately 300 l.f. from the furthest building.

It is estimated that the main campus buildings will continue to use the 8" Pebblebrook Road water main which is approximately 850 l.f. from the furthest building. There is currently an 8" line stubbed to the main campus that will continue to serve existing and future buildings.

Cobb County requests that a flow test be provided at the time of permit submit, thus, no flow test is included in this statement. Subsequent flow tests will be provided for each phase of construction.

#3 Sewer tie-in points.

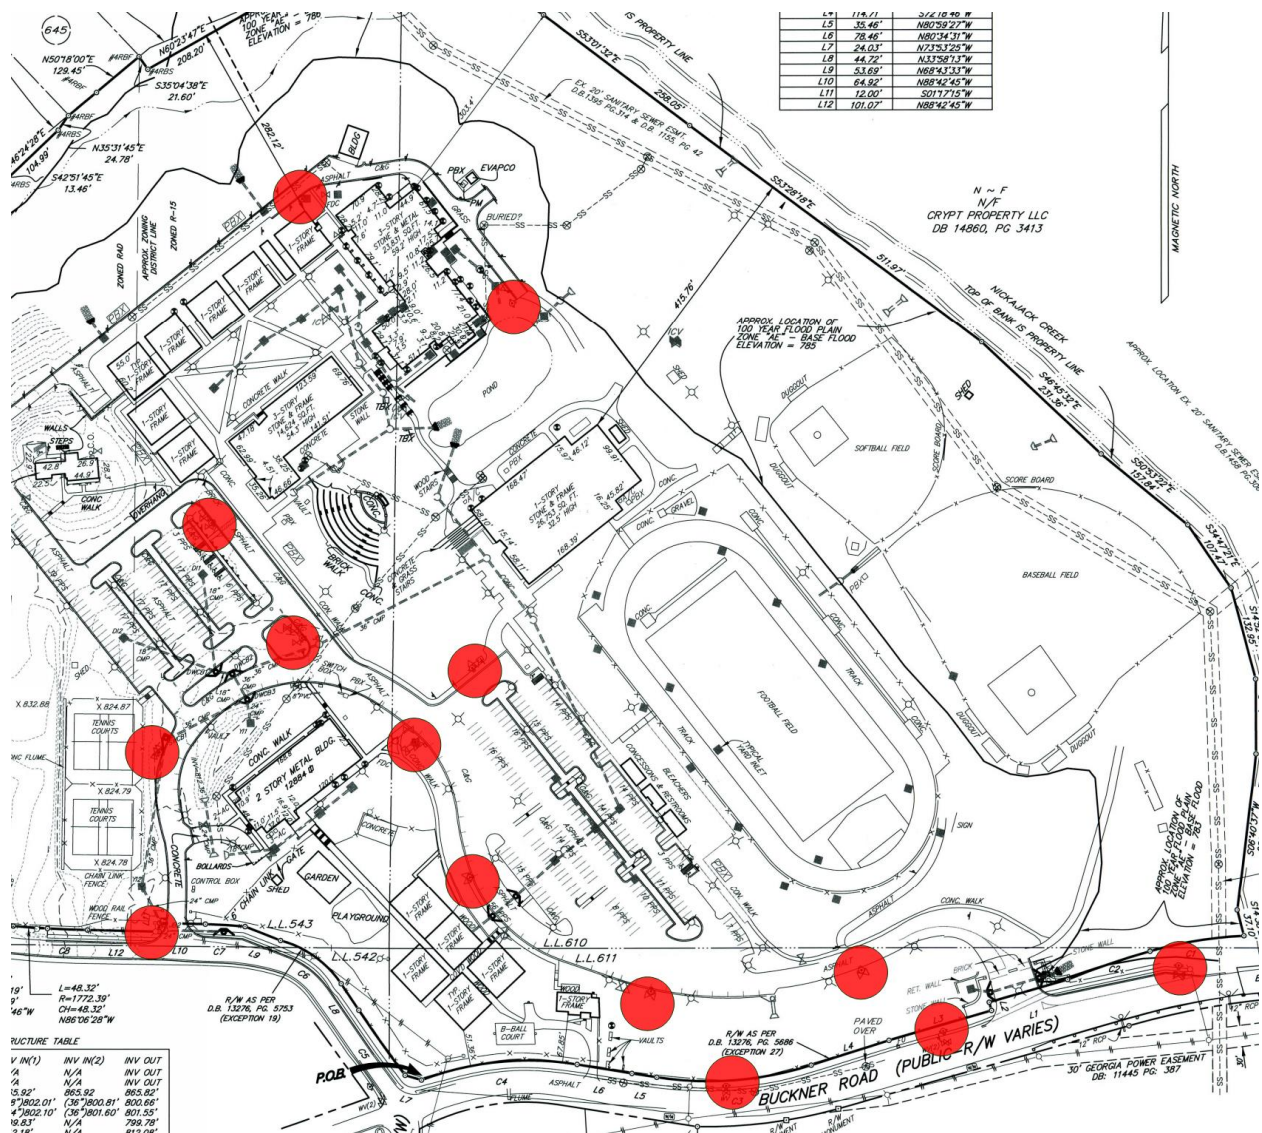

Waste water treatment is provided to the campus by the Cobb County Water System. There is an existing sewer main that currently runs through Whitefield Academy property along both banks of Nickajack Creek. The Letter of Service from Cobb County indicates that this service will continue to be provided.

#4 Nearest Fire Hydrants

Water is provided to the campus by the Cobb County Water System. As documented in the Letter of Service by Tim Davidson, Plan Review Engineer, an 8" water main is available for campus use on Buckner Road as well as Pebblebrook Road.

Currently, public fire coverage is provided along both Buckner and Pebblebrook Roads. Additional coverage throughout the campus along multiple fire lines and fire hydrants. Existing fire hydrants are shown in red:

1.0 INTRODUCTION

The purpose of this study is to determine the traffic impact that will result from the expansion of the Whitefield Academy preparatory school, which is located on the north side of Pebblebrook Road and Buckner Road within the City of Smyrna, GA.

Figure 1 – General Area Map

The current school property consists of buildings for lower (Pre-K to 4th grades), middle (5th to 8th grades), and upper (9th to 12th grades) buildings. The campus currently has two access points, one on Pebblebrook Road and one on Buckner Road. The operations of these access points are discussed in further detail in the report document.

Figure 2 – Campus Map (left); Existing Aerial Image (right)

Whitefield Academy projects an increase in its enrollment from 780 students to 1,170 students as part of the planned expansion of the site. The campus expansion includes several infrastructure changes are being proposed on the campus. Among other factors, the access and circulation for the campus will be affected by:

- Relocation of the Lower School Building
- Relocation of the Pebblebrook Road access 0.15 miles further west on Pebblebrook Rd
- Separated parking areas for the new baseball / softball fields (with access from Pebblebrook Rd)
- New event parking lot on east corner of campus (with access to Buckner Road)

The AM, Afternoon, and PM peak hours have been analyzed in this study. In addition to the site access points, this study includes the evaluation of traffic operations at the intersections of:

- Whitefield Drive at Buckner Road
- Whitefield Drive at Pebblebrook Road
- Bucker Road at Pebblebrook Road

Recommendations to improve traffic operations have been identified as appropriate and are discussed in detail in the following sections of the report. The location of the development and the surrounding roadway network is shown in Figure 3.

LOCATION MAP

FIGURE 3

2.0 EXISTING FACILITIES / CONDITIONS

2.1 Roadway Facilities

The following is a brief description of each of the roadway facilities located in proximity to the site:

2.1.1 Pebblebrook Road

Pebblebrook Road is an east-west, two-lane, undivided roadway with a posted speed limit of 25 mph in the vicinity of the site. Cobb County traffic counts from 2011 indicate that the daily traffic volume on Pebblebrook Road is 1,200 vehicles per day. The Cobb County Thoroughfare Plan identifies Pebblebrook Road as a “Minor Collector”.

2.1.2 Buckner Road

Buckner Road is an east-west, two-lane, undivided roadway with a posted speed limit of 25 mph in the vicinity of the site. Cobb County traffic counts from 2011 indicate that the daily traffic volume on Buckner Road is 3,600 vehicles per day. The Cobb County Thoroughfare Plan identifies Buckner Road as a “Minor Collector”.

2.1.3 Whitefield Drive

Whitefield Drive is a privately owned two-lane roadway that runs through the Whitefield Academy campus, between Pebblebrook Road and Buckner Road.

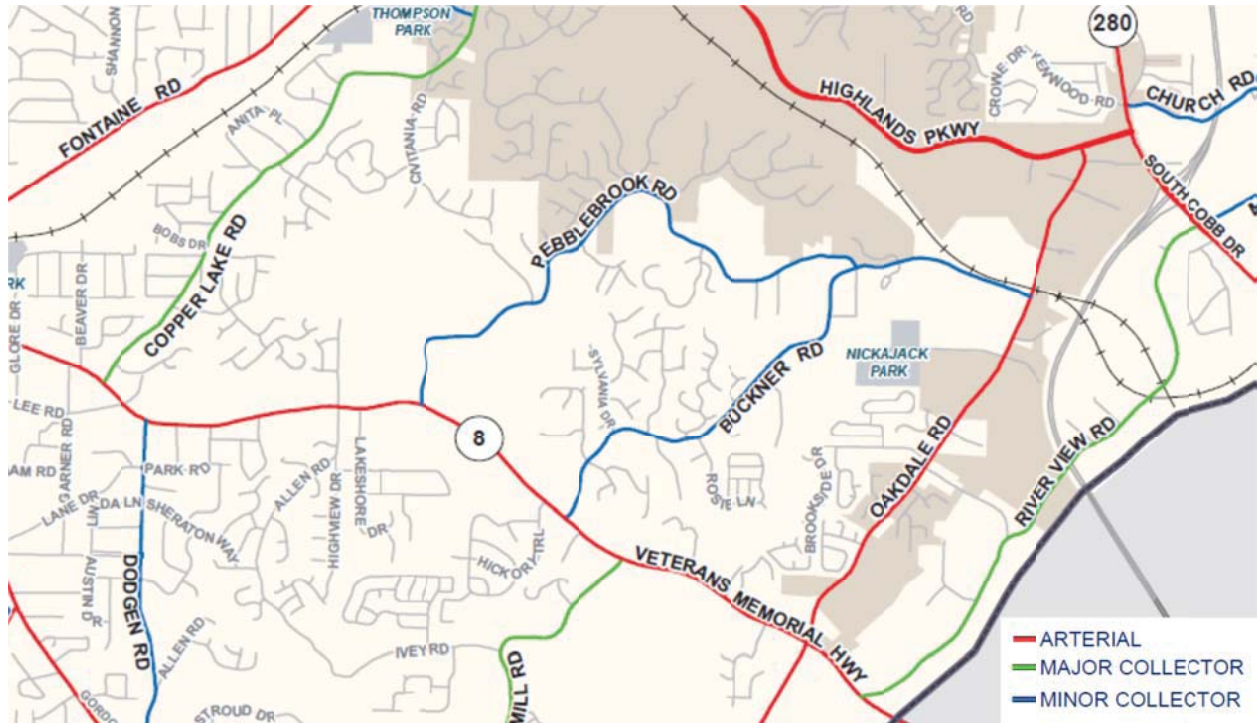

Figure 4 – Cobb County Thoroughfares

3.0 STUDY METHODOLOGY

In this study, the methodology used for evaluating traffic operations at each of the subject intersections is based on the criteria set forth in the Transportation Research Board's Highway Capacity Manual, 2000 edition (HCM 2000). Synchro software, which utilizes the HCM 2000 methodology, was used for the analysis. The following is a description of the methodology employed for the analysis of unsignalized and signalized intersections.

3.1 Unsignalized Intersections

For unsignalized intersections at which the side street or minor street is controlled by a stop sign, the criteria for evaluating traffic operations are the level-of-service (LOS) for the turning movements at the intersection and the level-of-service for the overall intersection. Level-of-service is based on the average controlled delay incurred at the intersection. Controlled delay for unsignalized intersections includes initial deceleration delay, queue move-up time, stopped delay, and final acceleration delay. Several factors affect the controlled delay for unsignalized intersections, such as the availability and distribution of gaps in the conflicting traffic stream, critical gaps, and follow-up time for a vehicle in the queue.

Level-of-service is assigned a letter designation from "A" through "F". Level-of-service "A" indicates excellent operations with little delay to motorists, while level-of-service "F" exists when there are insufficient gaps of acceptable size to allow vehicles on the side street to cross safely, resulting in extremely long total delays and long queues. The level-of-service criteria for two-way stop-controlled and all-way stop-controlled (unsignalized) intersections are given in Table 1.

TABLE 1 — LEVEL-OF-SERVICE CRITERIA FOR UNSIGNALIZED INTERSECTIONS	
Level-of-service	Average Delay (sec)
A	≤ 10
B	> 10 and ≤ 15
C	> 15 and ≤ 25
D	> 25 and ≤ 35
E	> 35 and ≤ 50
F	> 50

Source: 2000 Highway Capacity Manual

3.2 Signalized Intersections

For signalized intersections, it is necessary to evaluate both capacity and level-of-service in order to evaluate the overall operation of the intersection. The capacity analysis of an intersection is performed by comparing the volume of traffic using the various lane groups at the intersection to the capacity of those lane groups. This results in a volume/capacity (v/c) ratio for each lane group. A v/c ratio greater than 1.0 indicates that the volume of traffic has exceeded the capacity available, resulting in a temporary excess of demand. Although the capacity of the entire intersection is not defined, a composite v/c ratio for the sum of the critical lane groups within the intersection is computed. This composite v/c ratio is an indication of the overall intersection sufficiency.

Level-of-service for a signalized intersection is defined in terms of average controlled delay per vehicle, which is composed of initial deceleration delay, queue move-up time, stopped delay, and final acceleration delay. The level-of-service criteria for signalized intersections, based on average controlled delay, are shown in Table 2. Level-of-service “A” indicates operations with very low controlled delay, while level-of-service “F” describes operations with extremely high average controlled delay. Level-of-service “E” is typically considered to be the limit of acceptable delay, and level-of-service “F” is considered unacceptable by most drivers.

TABLE 2 — LEVEL-OF-SERVICE CRITERIA FOR SIGNALIZED INTERSECTIONS	
Level-of-service	Average Control Delay (sec)
A	≤ 10
B	$> 10 \text{ and } \leq 20$
C	$> 20 \text{ and } \leq 35$
D	$> 35 \text{ and } \leq 55$
E	$> 55 \text{ and } \leq 80$
F	> 80

4.0 EXISTING TRAFFIC ANALYSIS

Existing traffic counts and intersection geometric data were obtained at the following study intersections:

- Whitefield Drive at Buckner Road
- Whitefield Drive at Pebblebrook Road
- Bucker Road at Pebblebrook Road

Turning movement counts were collected on Tuesday, September 22, 2015. All turning movement counts were recorded during the hours of 7:00am to 9:00am, 2:00pm to 4:00pm, and 4:00pm to 6:00pm. The four consecutive 15-minute interval volumes that summed to produce the highest volume at the intersections were then determined. These volumes make up the peak hour traffic volumes for the intersections counted and are shown in Figure 5. The highest 15-minute interval in the morning, afternoon, and evenings were at 7:45-8:00am, 3:00-3:15pm, and 4:30-4:45pm, respectively.

4.1 Existing Traffic Operations

Existing traffic operations were analyzed at the study intersections in accordance with the HCM methodology. The results of the analyses are shown in Tables 3 and 4.

TABLE 3 — EXISTING INTERSECTION DELAYS					
Intersection		Traffic Control	LOS (Average Delay)		
			AM Peak Hour	Afternoon 2:45-3:45	PM Peak Hour
1	<u>Whitefield Dr @ Buckner Rd</u>	Stop Controlled on Northbound and Southbound			
	-Eastbound Left		A (7.6)	A (7.7)	A (8.1)
	-Westbound Left		A (8.9)	A (7.7)	A (7.5)
	-Southbound Left		F (54.3)	C (15.7)	C (15.3)
2	<u>Pebblebrook Rd @ Buckner Rd</u>	All-Way Stop			
	-Eastbound Approach		D (32.0)	A (8.3)	A (8.6)
	-Westbound Approach		C (16.3)	A (9.5)	B (11.1)
	-Northbound Approach		B (11.1)	A (7.8)	A (7.9)
3	<u>Whitefield Dr @ Pebblebrook Rd</u>	Stop Controlled on Southbound			
	-Eastbound Left		A (8.3)	A (7.6)	A (7.6)
	-Westbound Approach		A (0.0)	A (0.0)	A (0.0)
	-Southbound Approach		F (54.7)	B (12.8)	B (10.6)

The results of existing traffic operations analysis indicates that all the study intersections are operating at an acceptable level-of-service ("D" or better by local standards) all peak hour, except for the morning delays at the school access points. The exiting movements at the school driveways are shown to experience delay over the recommended level-of-service thresholds for the AM peak period. Onsite observations indicated that these delays, while present during the absolute peak period, are short-lived and quickly dissipate after 8am.

TABLE 4 — EXISTING INTERSECTION QUEUES					
Intersection		Approximate Storage Length (ft)	95 th Percentile Queue (ft)		
			AM Peak Hour	Afternoon 2:45-3:45	PM Peak Hour
1	<u>Buckland Way/Whitefield Dr @ Buckner Rd</u>				
	-Northbound Approach	-	3	0	3
	-Eastbound Left	125	0	3	0
	-Eastbound Through / Right	-	-	-	-
	-Westbound Left / Through	-	-	-	-
	-Westbound Right	150	-	-	-
	-Southbound Left / Through	-	138	28	15
	-Southbound Right	75	15	8	3
2	<u>Pebblebrook Cir/Pebblebrook Rd @ Buckner Rd</u>				
	-Northbound Approach	-	13	0	0
	-Eastbound Approach	-	230	10	15
	-Westbound Approach	-	95	43	73
	-Southbound Approach	-	63	20	10
3	<u>Pebblebrook Rd @ Whitefield Dr</u>				
	-Eastbound Left / Through	-	25	3	3
	-Westbound Through	-	-	-	-
	-Westbound Right	65	-	-	-
	-Southbound Approach	-	193	35	13

In conversations with the Facilities Director, it was mentioned that a Police officer sometimes directed morning traffic at each driveway. A police officer was not present on the morning of the traffic counts (Tuesday, September 22) nor during additional onsite observations (Thursday, October 1). To account for what benefits a police officer may provide, each driveway was evaluated as though a traffic signal were present in the morning peak hour. The results are found in Tables 5 and 6, below.

TABLE 5 — EXISTING INTERSECTION DELAY			
Intersection		AM Peak Hour Comparison	
		STOP Controlled	With Police Officer
1	<u>Whitefield Dr @ Buckner Rd</u>		<u>B (14.0)</u>
	-Eastbound Approach	A (7.6)	B (11.1)
	-Westbound Approach	A (8.9)	B (10.9)
	-Northbound Approach	C (17.6)	B (19.7)
	-Southbound Approach	D (34.5)	C (22.7)
3	<u>Whitefield Dr @ Pebblebrook Rd</u>		<u>B (18.3)</u>
	-Eastbound Approach	A (8.3)	A (9.9)
	-Westbound Approach	A (0.0)	B (18.2)
	-Southbound Approach	F (54.7)	D (35.4)

*School driveways were modeled as signalized intersections (per HCM 2000) in the morning peak hour to simulated traffic controlled by a police officer during the peak period

The results of the existing conditions analysis indicate that, with the implementation of a police officer for traffic control, both school driveways operate at an acceptable level-of-service (“D” or better by local standards) in the morning peak period. The existing traffic control and lane geometry for the intersections are shown in Figure 6.

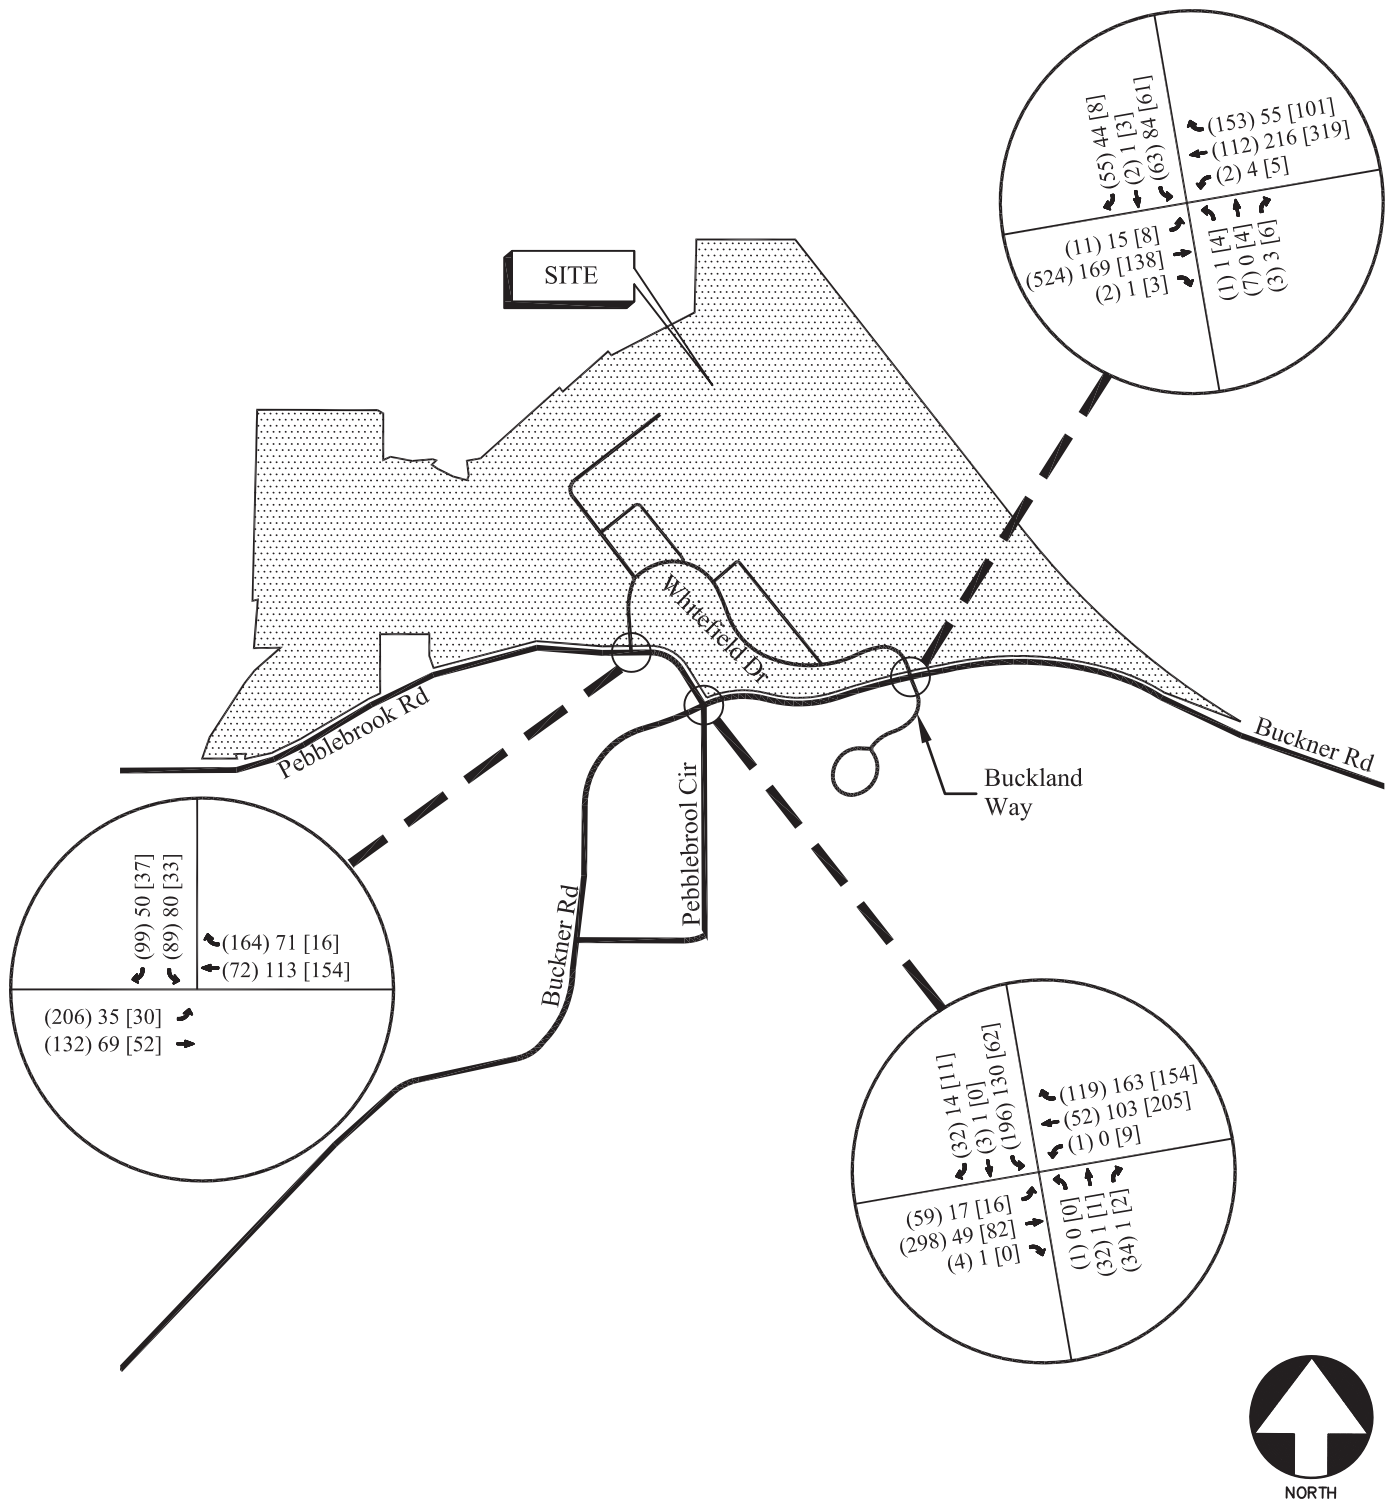

TABLE 6 — EXISTING INTERSECTION QUEUES				
Intersection		Available Stacking (ft)	Existing AM Peak Hour Comparison	
			STOP Controlled	With Police Officer
1	<u>Whitefield Dr @ Buckner Rd</u>			
	-Northbound Approach	-	3	18
	-Eastbound Left	125	0	10
	-Eastbound Through / Right	-	-	319
	-Westbound Left / Through	-	-	74
	-Westbound Right	150	-	0
	-Southbound Left / Through	-	138	167
	-Southbound Right	75	15	0
3	<u>Pebblebrook Rd @ Whitefield Dr</u>			
	-Eastbound Left / Through	-	25	214
	-Westbound Through	-	-	91
	-Westbound Right	65 (existing)	-	0
	-Southbound Approach	-	193	181

4.2 Accident Data

Accident reports were obtained for the most recent three years (2012-2014). The data shows the number, manner, and severity of collisions at the study intersections. No reported collisions were found for the intersection of Pebblebrook Rd at Whitefield Drive. One injury collision occurred at each intersection listed below. No fatality collisions were found at any of the study intersections.

TABLE 7 — ACCIDENT DATA				
Buckner Rd @ Pebblebrook Rd / Pebblebrook Cir				
Manner of Collision	2012	2013	2014	Grand Total
Angle	1	1	0	2
Single vehicle collision (i.e. deer / tree)	1	1	0	2
Grand Total	2	2	0	4
Buckner Rd @ Whitefield Drive / Buckland Way				
Manner of Collision	2012	2013	2014	Grand Total
Angle	0	3	0	3
Grand Total	0	3	0	0

One driver stated that (when turning left onto Buckner Road from Whitefield Drive) she was unable to see the westbound traffic on Buckner Road, due to westbound vehicles turning right onto Whitefield Drive. Both angle collisions at the all-way stop involved citation 40-6-72(B) (stop sign violation).

5.0 PROPOSED DEVELOPMENT

The proposed site will be located on the north side of Pebblebrook Road and Buckner Road within the City of Smyrna, GA. The current school property consists of:

- Lower School (Pre-K to 4th grades)
- Middle School (5th to 8th grades)
- Upper School (9th to 12th grades)

The campus also contains a football stadium, baseball and softball fields, practice fields, tennis courts, and other academic and administrative buildings. The campus currently has two access points, one on Pebblebrook Road and one on Buckner Road.

The school proposes to increase its enrollment from 780 students to 1,170 students as part of the planned expansion of the site. In addition to the increase in enrollment, several infrastructure changes are being proposed on the campus:

- New Lower School Building
- Future Learning Commons Building
- Future Classroom Space
- Future Performing Arts Center
- Future Natatorium
- Future Competition Gym
- New Lacrosse / Soccer fields
- New Baseball / Softball fields
- New Tennis Courts
- Additional Parking

The access and circulation for the campus are also proposed to undergo changes.

- Relocation of the Pebblebrook Road access 0.15 miles further west
- Separated parking areas for the new baseball / softball fields (with access from Pebblebrook Rd)
- New parking field on east corner of campus (with access to Buckner Road)

Figure 7 – Overlay of Expansion Plans

- P- Future Parking
- Q- Future Entry
- R- Existing Entry

5.1 Onsite Circulation

Onsite observations were made of the drop-off circulation. Though there were some exceptions, most of those dropping off at the Lower School entered from Pebblebrook Road and exited onto Buckner Road. Most of those dropping off at the Middle and Upper schools entered from Buckner Road and exited from Pebblebrook Road. Student drivers were primarily seen parking in the lot next to the athletic field and using the pathway next to the athletic center. The Whitefield Academy administration indicated that the future circulation routes would be similar to the current ones in that:

- Lower School drop-offs will enter from relocated Pebblebrook Road access point and exit at the Buckner Road access point.
- Upper School drop-offs will enter from the Buckner Road access points and exit at the relocated Pebblebrook Road access point.

The existing routes are shown in Figure 9, below.

Figure 9 – Current Onsite Circulation Routes

5.2 Trip Generation

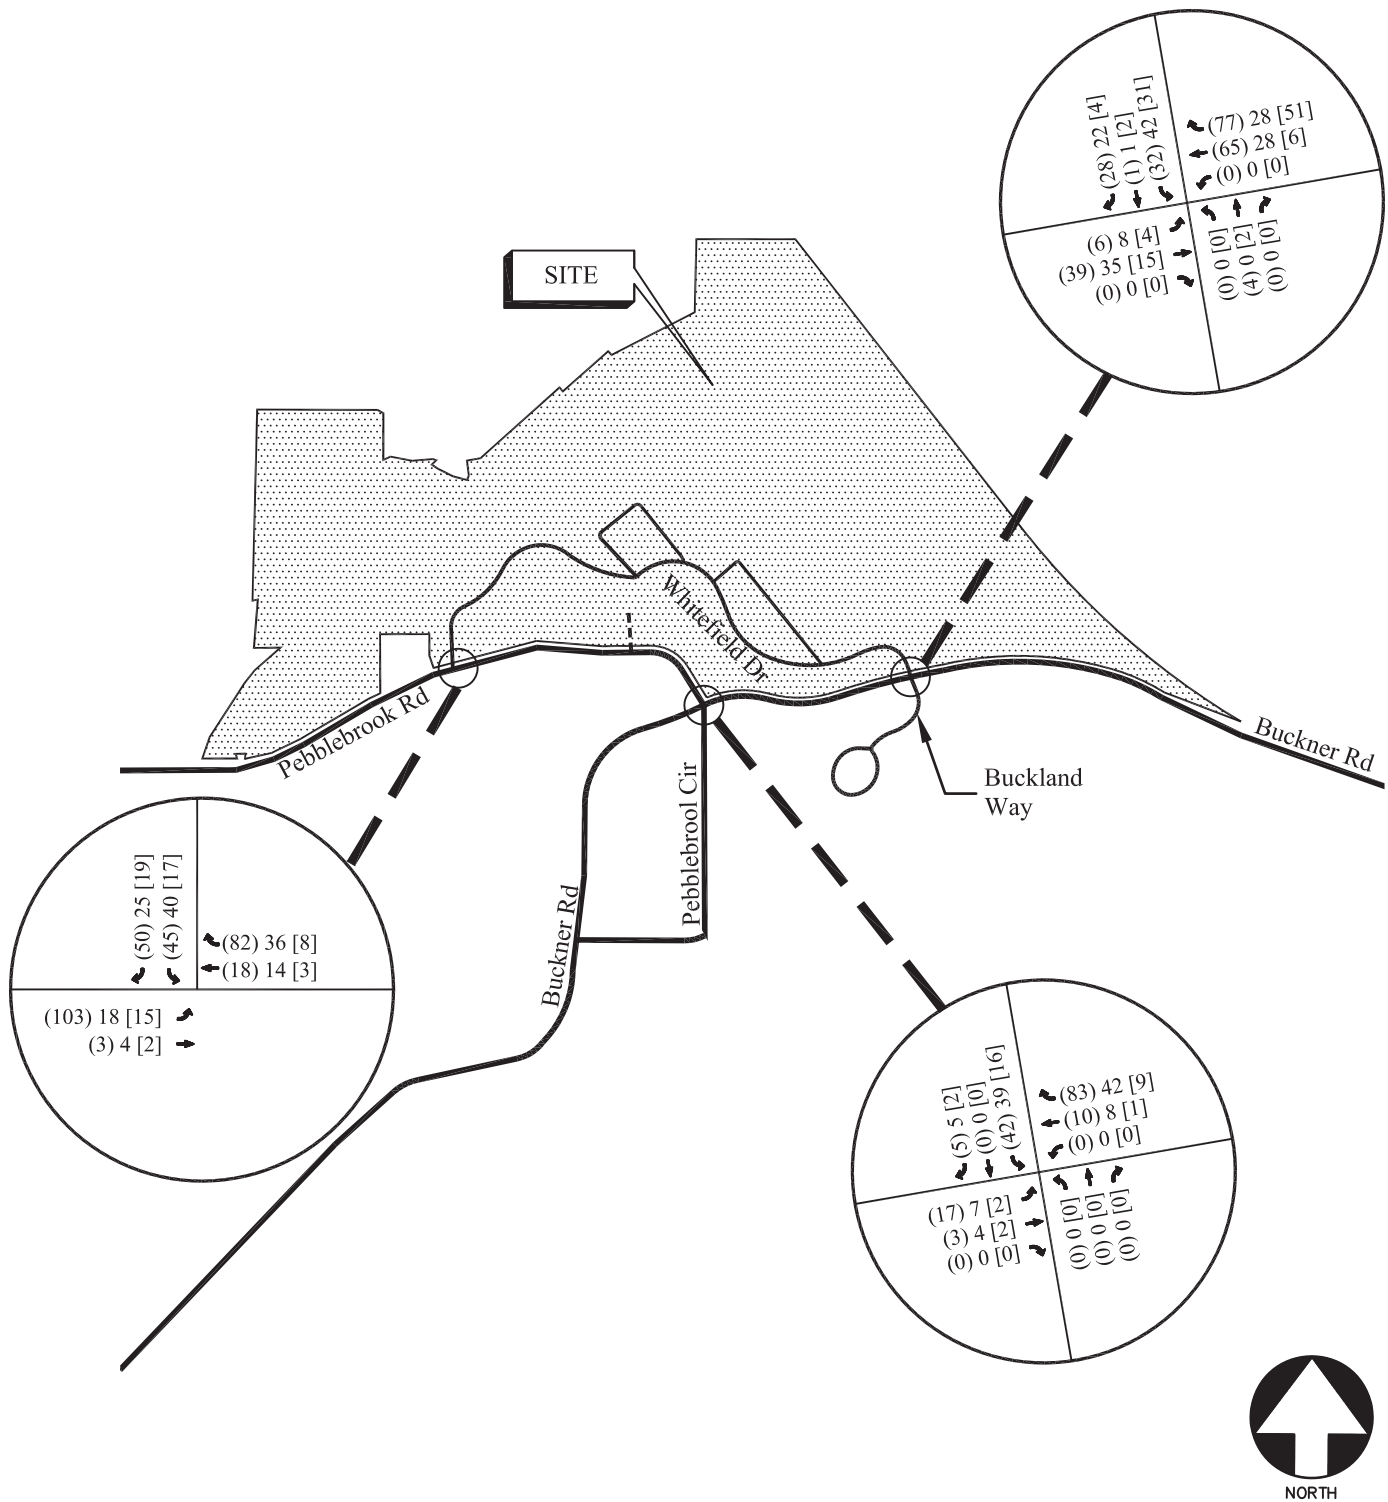

Trip generation estimates for the project were based on proportional increases in student enrollment. Current enrollment is at 780 students. With future enrollment projection of 1,170 students for the expanded campus, the site traffic could reasonably be expected to increase proportionally (by 50%). Counts of the existing traffic entering and exiting the site, along with projected increases in site traffic are shown in Table 8, below.

TABLE 8 — TRIP GENERATION										
Scenario	Enrollment	AM Peak Hour			Afternoon (2:45-3:45)			PM Peak Hour		
		Enter	Exit	Total	Enter	Exit	Total	Enter	Exit	Total
Existing School Traffic	780	541	308	849	176	259	435	159	142	301
Total Future School Traffic	1,170	812	462	1,274	264	389	653	239	213	452
Added Trips to Road Network		271	154	425	88	130	218	80	71	151

The trip assignment describes how added traffic arrives and departs from the site. An overall trip assignment was developed based on existing travel patterns. The site-generated peak hour traffic volumes, shown in Table 8, were assigned to the study area intersections based on this distribution. The added traffic generated by the site is shown in Figure 9. The total future traffic is shown in Figure 10.

5.3 Trip Assignment

The trip assignment describes how new traffic arrives and departs from the site. Because onsite circulation routes will remain the same, the overall trip assignment for the site is based on the existing travel patterns (with exception of the relocation of the Peddlebrook Road access point). The site-generated peak hour traffic volumes, shown in Table 5, were assigned to the study area intersections based on this distribution. The peak hour new traffic generated by the site is shown in Figure 10.

(AM) Afternoon [PM]

ADDITIONAL SITE-GENERATED WEEKDAY
PEAK HOUR VOLUMES DUE TO 50% INCREASE

FIGURE 10
A&R Engineering Inc.

6.0 FUTURE TRAFFIC ANALYSIS

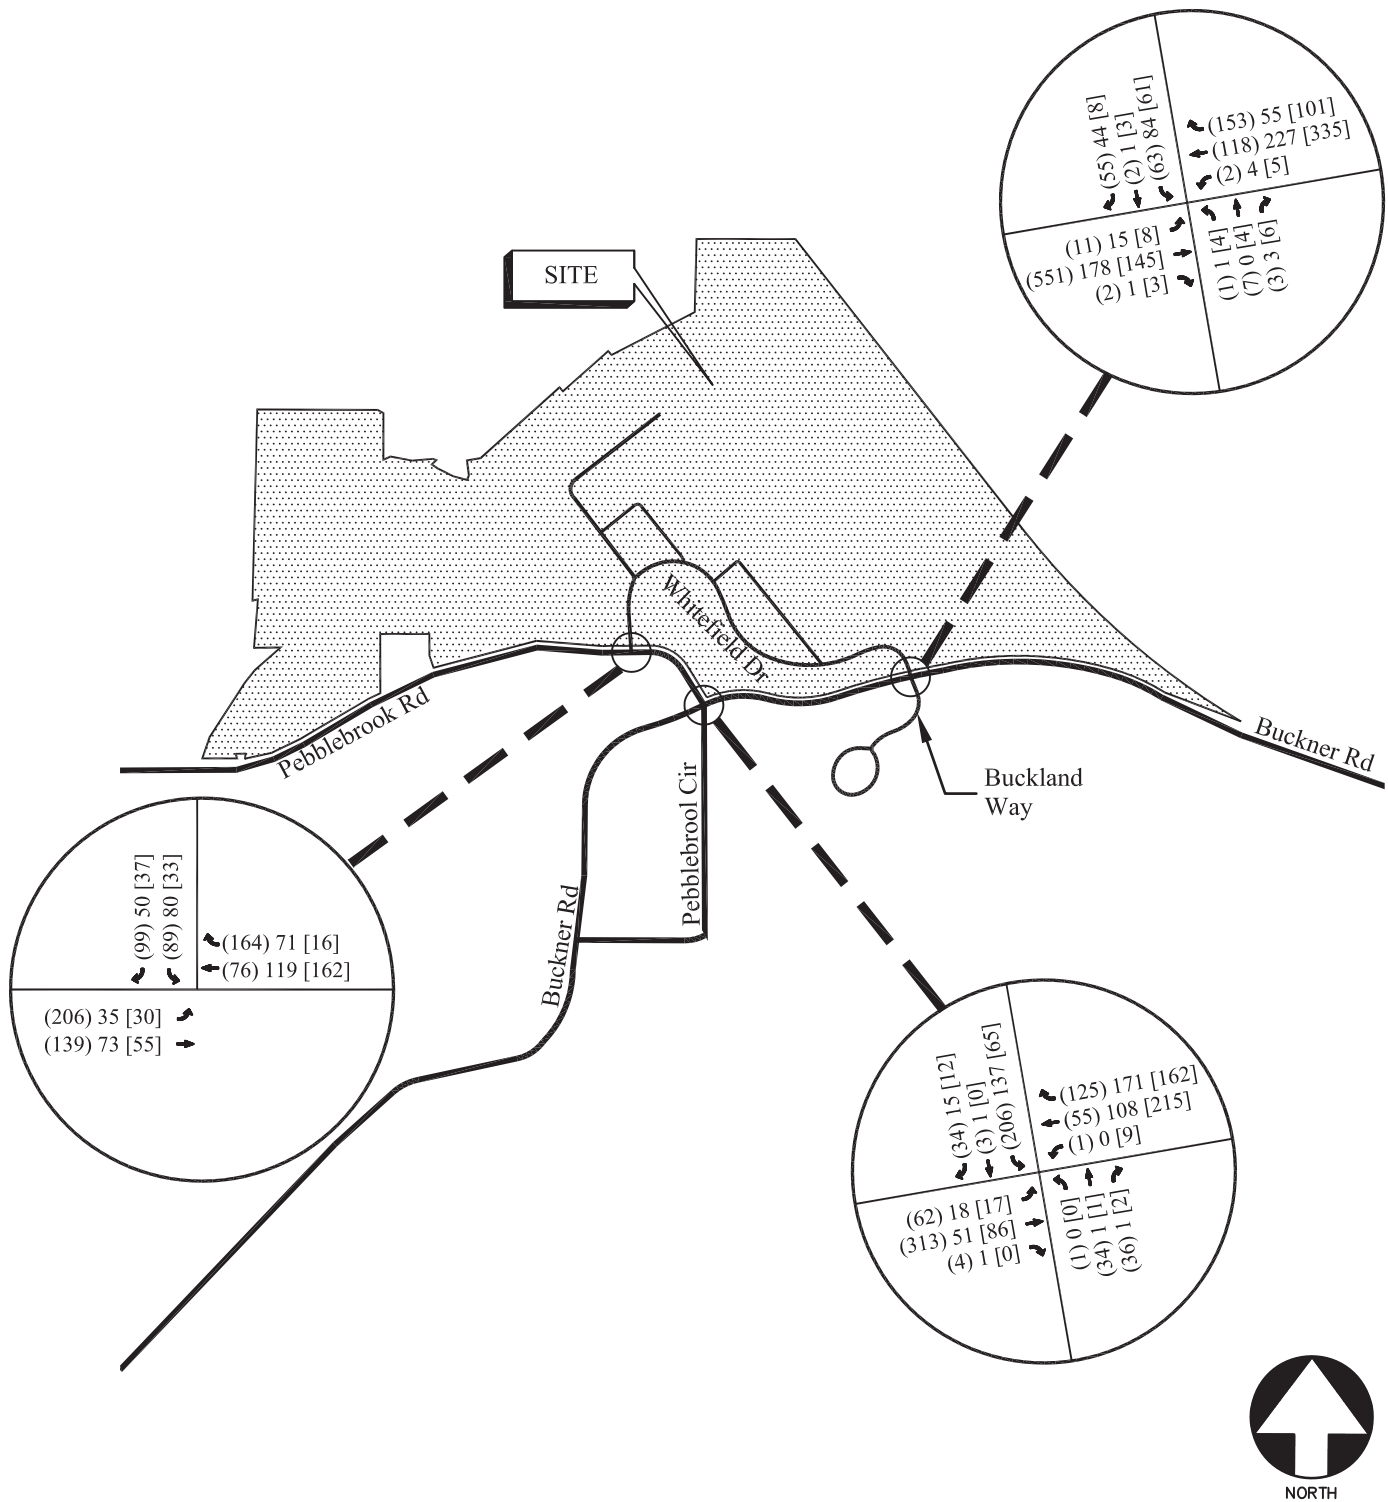

The future traffic operations are analyzed for the “Build” and “No-Build” conditions. This provides a basis of reference for determining both the contribution of the site to overall traffic conditions and the additional improvements needed to provide sufficient site access and capacity for passing traffic. Note that survey and construction drawings would be needed to verify the feasibility and extent of additional right-of-way required for any recommended improvements.

6.1 Future “No-Build” Conditions

The “No-Build” (or background) conditions provide an assessment of how traffic will operate in the study horizon year (2020) without the study site being developed as proposed, with projected increases in through traffic volumes due to normal annual growth. The Future “No-Build” volumes consist of the existing traffic volumes (Figure 5) plus increases for annual growth of through traffic and added traffic from other nearby planned developments.

6.1.1 Annual Traffic Growth

In order to evaluate future traffic operations in this area, a projection of normal traffic growth was applied to the existing volumes out to year 2020. An annual growth factor of 1% was applied to the existing traffic volumes between collector and arterial roadways in order to account for typical growth and development prior to the addition of site-generated traffic. No annual growth rate has been applied for turning movement volumes to or from private driveways or residential streets. The resulting Future “No-Build” volumes on the roadway are shown in Figure 11.

(AM) Afternoon [PM]

FUTURE (NO-BUILD) WEEKDAY PEAK HOUR VOLUMES

FIGURE 11
A&R Engineering Inc.

6.2 Future “Build” Conditions

The “Build” or development conditions include the estimated background traffic from the “No-Build” conditions plus the added traffic from the proposed development. In order to evaluate future traffic operations in this area, the additional traffic volumes from the site (Figure 10) were added to the “No-Build” traffic volumes (Figure 11) to calculate the future traffic volumes after the construction of the development. These total future traffic volumes (Figure 12) were used to evaluate the “Build” condition, which includes the projected site traffic. The results of the “Build” operations analyses with the assumed site access configuration are shown in Tables 9 and 10.

6.2.1 Site Access Configuration

The following access configuration was utilized when modeling the site driveway intersections in the “Build” conditions:

- Site Driveway #1: Whitefield Drive @ Pebblebrook Drive
 - This driveway will consist of one entering and two exiting lanes. The southbound approach will have separate left and right turn lanes for exiting traffic.
 - The intersection will be unsignalized with a STOP sign on the southbound approach. A police officer will be utilized to assist in traffic control during the morning peak period.
 - A dedicated left turn bay will be constructed for entering traffic based on local standards (See Appendix).
 - A deceleration lane will be constructed for entering traffic based on local standards (See Appendix).
- Site Driveway #2: Whitefield Drive @ Buckner Drive
 - This driveway will consist of one entering and two exiting lanes. No changes to the driveway configuration are planned.
 - The intersection will be unsignalized with a STOP sign on the southbound approach. A police officer will be utilized to assist in traffic control during the morning peak period.
 - Entering left turn movements will be made from the existing dedicated left turn bay on Buckner Road. No changes to the bay storage are planned.
 - Entering right turn movements will be made from the existing deceleration lane on Buckner Road. No changes to the bay storage are planned.

6.2.2 Future Traffic Operations Analysis

The “Build” conditions are evaluated in comparison to the “No-Build” conditions to determine impacts of the added traffic to the road network and effectiveness of the traffic control and lane configuration at each study intersections. Results of the analysis are shown in Tables 9 and 10. Recommendations on traffic control and lane geometry are shown graphically in Figure 9.

7.0 CONCLUSIONS AND RECOMMENDATIONS

Traffic impacts were evaluated for the added traffic from the proposed expansion of the Whitefield Academy preparatory school, which is located on the north side of Pebblebrook Road and Buckner Road within the City of Smyrna, GA. Whitefield Academy projects an increase in its enrollment from 780 students to 1,170 students as part of the planned expansion of the site. The campus expansion includes several infrastructure changes are being proposed on the campus. Among other factors, the access and circulation for the campus will be affected by:

- Relocation of the Lower School Building
- Relocation of the Pebblebrook Road access 0.15 miles further west on Pebblebrook Rd
- Separated parking areas for the new baseball / softball fields (with access from Pebblebrook Rd)
- New event parking lot on east corner of campus (with access to Buckner Road)

The AM, Afternoon, and PM peak hours have been analyzed in this study. In addition to the site access points, this study includes the evaluation of traffic operations at the intersections of:

- Whitefield Drive at Buckner Road
- Whitefield Drive at Pebblebrook Road
- Buckner Road at Pebblebrook Road

Recommendations to improve traffic operations have been identified as appropriate and are discussed in detail in the following sections of the report.

7.1 Site Access Configuration

The following access configuration was utilized when modeling the site driveway intersections in the "Build" conditions:

- Site Driveway #1: Whitefield Drive @ Pebblebrook Drive
 - This driveway will consist of one entering and two exiting lanes. The southbound approach will have separate left and right turn lanes for exiting traffic.
 - The intersection will be unsignalized with a STOP sign on the southbound approach. A police officer will be utilized to assist in traffic control during the morning peak period.
 - A dedicated left turn bay will be constructed for entering traffic based on local standards (See Appendix).
 - A deceleration lane will be constructed for entering traffic based on local standards (See Appendix).
- Site Driveway #2: Whitefield Drive @ Buckner Drive
 - This driveway will consist of one entering and two exiting lanes. No changes to the driveway configuration are planned.
 - The intersection will be unsignalized with a STOP sign on the southbound approach. A police officer will be utilized to assist in traffic control during the morning peak period.
 - Entering left turn movements will be made from the existing dedicated left turn bay on Buckner Road. No changes to the bay storage are planned.

- Entering right turn movements will be made from the existing deceleration lane on Buckner Road. No changes to the bay storage are planned.

7.2 Summary of Findings

Traffic operations, including queues and delay, were analyzed at each of the following intersections. Existing operations analyses were based on observation and an analysis of traffic volume data collected onsite. Future operations were analyzed for two conditions: a “No-Build” condition that includes the existing configuration plus some allowances for growth in outside through traffic and a “Build” condition that also includes additional traffic from the projected increase in enrollment.

Whitefield Drive at Buckner Road

This is the easternmost access to Whitefield Academy. The existing operations analysis indicates that the access operates with acceptable levels of queuing and delay, except for a short period in the mornings when 4-5 vehicles queue while waiting for gaps to turn left onto Buckner Road. These delays are anticipated to reduce significantly when a police officer is present. The access is not planned to be changed for the future expansion of the school and will continue to operate with similar levels of queuing and delay after expansion.

Whitefield Drive at Buckner Road

Bucker Road at Pebblebrook Road

The all-way stop-controlled intersection of Pebblebrook Rd at Buckner Rd experiences modest delays (32 seconds for the average vehicle) in the morning peak hour for the eastbound approach on Buckner Road. These delays will increase to 45 seconds with normal growth in the area. With the expansion of the school, the eastbound and westbound approaches on Buckner Road will experience average vehicle delays of over 60 seconds.

A potential mitigation for this delay would be the construction of a westbound right turn bay that is yield controlled, but this improvement is not recommended because: (1) it would lessen

the safety of the pedestrian crosswalks on the east and north legs of the intersection and (2) Onsite observations of the existing conditions indicated that these delays will short-lived (between 7:45am and 8:00am) and be relatively unaffected throughout the remainder of the day.

Buckner Road at Pebblebrook Road

Whitefield Drive at Pebblebrook Road

This is the easternmost access to Whitefield Academy. The existing operations analysis indicates that, when a police officer is not present, 95th percentile exiting queues can reach 6-7 vehicles lengths. Onsite observations found max queue lengths of 10-12 vehicles at the peak. Part of the delay can be attributed to a single exiting lane for traffic, rather than separate left and right turn lanes. It should be noted that a police officer was not present during these observations, and analyses indicate lower delays (but not queues) when one is present.

The planned access relocation will be constructed with two exiting lanes, a dedicated left turn bay on Pebblebrook Road, and a right turn deceleration lane on Pebblebrook Road. With additional traffic from increased enrollment, there is a marked increase in morning peak hour delays and queuing at the intersection when a police officer is not present. Otherwise, the intersection operates at acceptable levels-of-service throughout the remainder of the day.

Whitefield Drive at Pebblebrook Road (Existing)

Whitefield Drive at Pebblebrook Road (Future)

7.3 Recommendations

Improvements have not been identified outside of the recommended configuration for the site access points. At these intersections it has been recommended that:

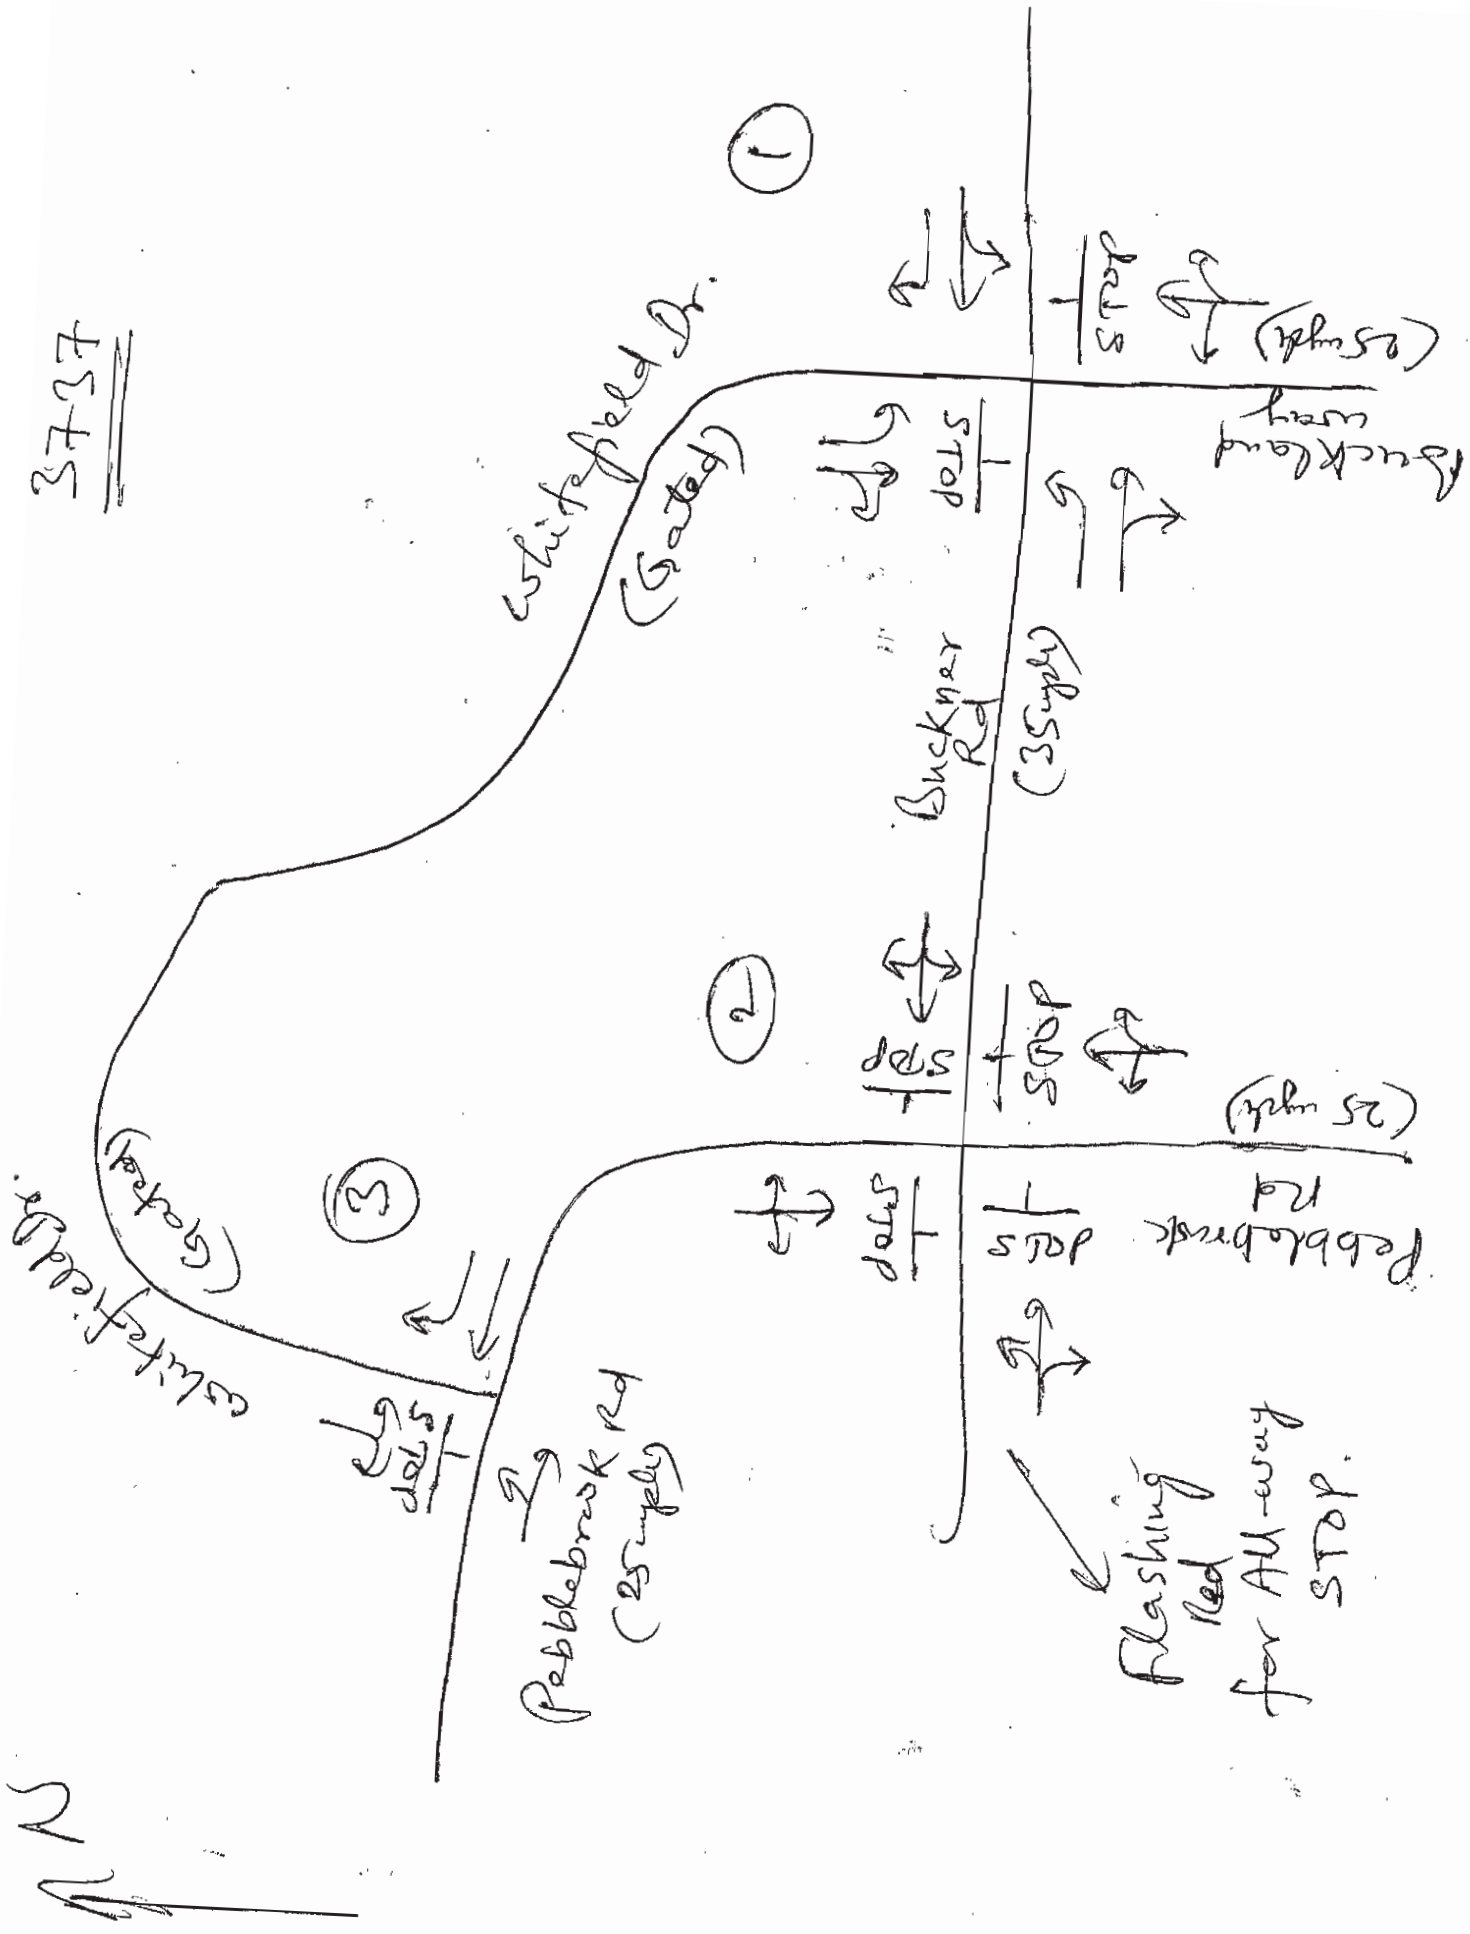

- Police officers be utilized at both site driveways during the peak traffic period in the morning
- Dedicated left and right turn bays be constructed for both entering and exiting traffic at the relocated access road on Pebblebrook Road.
- The school should maintain circulation patterns that encourage even usage of both access points for entering and exiting movement during the morning drop-off.

LEFT TURN LANE ANALYSIS

LEFT TURN LANE ANALYSIS per Cobb DOT standards

Cobb County reserves the ability to require a left turn lane for any commercial developments that are greater than 10,000 sf and any residential lots greater than 30 lots on two-lane thoroughfare roads. Buckner Rd and Pebblebrook Road are classified as a “Minor Collector”. Design considerations are handled on a case-by-case basis, especially for thoroughfares with a posted speed of 30mph or lower.

The Cobb DOT design guidelines are generally as follows:

35 mph Speed Limit	Development size	Minimum lane design
	30 to 45 lots	75 ft.storage w/50 ft bay taper*
	50 to 75 lots	100 ft storage w/50 ft bay taper*
	Over 75 lots	150 ft storage w/50 ft bay taper*
45 mph Speed Limit	30 to 45 lots	75 ft.storage w/100 ft bay taper*
	50 to 75 lots	100 ft storage w/100 ft bay taper*
	Over 75 lots	150 ft storage w/100 ft bay taper*

As Whitefield Academy has traffic volumes in excess of a 75 lot subdivision, it is recommended that the 150' storage be used at the proposed access relocation on Pebblebrook Road. Because of low speeds, a 50' bay taper will be sufficient.

For further reference, a graphic of the morning peak hour turning movements for the site, as they relate to the AASHTO criteria are provided in the following figure.

RIGHT TURN LANE ANALYSIS

RIGHT TURN LANE ANALYSIS per Cobb DOT standards

According to Cobb County Development Standards (section 402.09), the county may require a deceleration lane for all developments based (but not limited to) sight distance, speed limit, roadway classification, existing traffic volumes, future traffic volumes, curvature of the roadway, length of property frontage, and hydrological / environmental concerns. Therefore, a deceleration lane may be required at all access points on County roadways. As Cobb County DOT does not have published standards on the minimum lengths for these deceleration lanes, the City of Smyrna requirements have been provided below. It should be noted that both Buckner Road and Pebblebrook Road are considered "Minor Collector" thoroughfare roadways.

Street Type (Abutting)	Radii (feet)	Length Storage Lane (feet)	Taper (feet)
Arterial	40	150	50
Major collector	40	150	50
Minor collector	25	100	50
Local	25	100	50

For further reference, guidelines for determining when to provide a right-turn bay as recommended by (Hasan, T. and Stokes, R.W.) in "Guidelines for Right-Turn Treatments at Unsignalized Intersections and Driveways on Rural Highways" (Transportation Research Record 1579) and NCHRP Report 457 "Evaluating Intersection Improvements: An Engineering Study Guide" are provided in the figure below.

Notification of Contiguous Occupants

Application for Special Land Use Permit to the City of Smyrna for:

Whitefield Academy
1 Whitefield Drive
Mableton, GA 30126

A Christ-Centered Preparatory School

September 25, 2015

Dear Whitefield Neighbor,

Some of you were already living in this area when Whitefield Academy first opened our doors on this campus. Most of you have moved into this area since that time. A lot of changes have occurred at Whitefield since the school purchased this land in 1998. We have doubled in size from 50 to 100 acres, added buildings and playing fields, and more importantly, matriculated 700 young men and women successfully to college and life. Some of our graduates have now returned to our Whitefield campus as teachers, coaches, and even parents of their own Whitefield students.

Most of you have been on our campus to attend a football game, a play, or attend one of our community speaker series events. Hopefully you have been pleased to see Whitefield's stewardship of the land God has entrusted to us. A lot of changes have occurred around Whitefield as well as on our campus. We have worked closely with civic and community groups to be a voice for this area. We continue to work with Cobb County and City of Smyrna officials to draw attention to the traffic challenges we face and the need for more police presence as thousands of new homes have been built around us.

While all the new development creates challenges for our infrastructure, who can blame the desire for so many families to live in this area? This is a great place to live and raise a family! Whitefield is proud to be part of this community and serve as an outstanding academic option for parents living in this area. In fact, almost 70% of our students live within 5 miles of our school. My family is one of those families and I actually walk to Whitefield most days.

On Thursday October 8 at 7:00 p.m. I would like to invite you to a town hall meeting on our campus. I have invited Ron Fennel, Smyrna Ward 7 City Councilman to come and give an update on the new developments affecting our surrounding area including Pebblebrook, Buckner, and Oakdale Roads. I will also be sharing Whitefield's campus master plan which we will be submitting to the City this month for approval. The actual build out of this complete plan may take 20 years, but I think it is important that our friends and neighbors see that the school leadership has carefully thought through our planned growth. For those interested, we will be offering tours of our newest building, Morris Hall.

Town Hall Meeting
Thursday, October 8 at 7:00 p.m.
Barnett Gathering Room, Lower level of Founders Hall
No reservations required.

I hope you can join us. Also, please visit our website (whitefieldacademy.com), and click on "About Us" followed by "Strategic Plan" to access our master plan.

Sincerely,

A handwritten signature in black ink that reads "Kevin Bracher". The signature is written in a cursive, flowing style.

Kevin Bracher, Ph.D.
Headmaster

NOTIFICATION OF CONTIGUOUS OCCUPANTS OR LAND OWNERS TO ACCOMPANY

APPLICATION FOR SPECIAL LAND USE PERMIT

By signature, it is hereby acknowledged that I have been notified that Whitefield Academy
Intends to make an application for a special land use permit for the purpose of seeking City of Smyrna
approval of their campus master plan on the premises with a mailing address of 1 Whitefield Drive,
Mableton, Georgia as described in the application located in the City of Smyrna.

Section 12

Zoning Disclosure Report

Application for Special Land Use Permit to the City of Smyrna for:

Whitefield Academy
1 Whitefield Drive
Mableton, GA 30126

ZONING DISCLOSURE REPORT

Has the applicant* made, within two years immediately preceding the filing of this application for a special land use permit, campaign contributions aggregating \$250 or more or made gifts having in the aggregate a value of \$250 or more to the Mayor or any member of the City Council or Planning and Zoning Board who will consider this application?

No.

If so, the applicant* and the attorney representing the applicant* must file a disclosure report with the Mayor and City Council of the City of Smyrna, within 10 days after this application is filed.

Please supply the following information, which will be considered as the required disclosure:

The name of the Mayor or member of the City Council or Planning and Zoning Board to whom the campaign contribution or gift was made:

N/A

The dollar amount of each campaign contribution made by the applicant* to the Mayor or any member of the City Council or Planning and Zoning Board during the two years immediately preceding the filing of this application, and the date of each such contribution:

N/A

An enumeration and description of each gift having a value of \$250 or more by the applicant* to the Mayor and any member of the City Council or Planning and Zoning Board during the two years immediately preceding the filing of this application:

N/A

Does the Mayor or any member of the City Council or Planning and Zoning Board have a property interest (direct or indirect ownership including any percentage of ownership less than total) in the subject property?

No

If so, describe the natural and extent of such interest: _____

ZONING DISCLOSURE REPORT (CONTINUED)

Does the Mayor or any member of the City Council or Planning and Zoning Board have a financial interest (direct ownership interests of the total assets or capital stock where such ownership interest is 10% or more) of a corporation, partnership, limited partnership, firm, enterprise, franchise, association, or trust, which has a property interest (direct or indirect ownership, including any percentage of ownership less than total) upon the subject property?

No

If so, describe the nature and extent of such interest:

Does the Mayor or any member of the City Council or Planning and Zoning Board have a spouse, mother, father, brother, sister, son, or daughter who has any interest as described above?

No

If so, describe the relationship and the nature and extent of such interest:

If the answer to any of the above is "Yes", then the Mayor or the member of the City Council or Planning and Zoning Board must immediately disclose the nature and extent of such interest, in writing, to the Mayor and City Council of the City of Smyrna. A copy should be filed with this application**. Such disclosures shall be public record and available for public inspection any time during normal working hours.

We certify that the foregoing information is true and correct, this 30th day of September, 2015.

(Applicant's Signature)

(Attorney's Signature, if applicable)

Notes

* Applicant is defined as any individual or business entity (corporation, partnership, limited partnership, firm enterprise, franchise, association or trust) applying for rezoning action.

** Copy to be filed with the City of Smyrna Zoning Department and City Clerk along with a copy of the zoning application including a copy of the legal description of the property.
