Sponsors: Lnenicka

Mr. Richard Alan Ramey, agent for this privilege license request was present and came forward to the podium with his attorney, Ms. Dana Eisenstein. Mayor Bacon requested the background be read by Interim City Administrator Toni Jo Howard. She stated that Richard Alan Ramey will be the registered agent, responsible for the sale of alcohol at the referenced location. Mr. Ramey has been given a copy of the Alcoholic Beverage Ordinance and attended the mandatory alcohol awareness workshop. A background investigation conducted by the Smyrna Police Department failed to reveal information that would preclude issuance of this license. Richard Alan Ramey has agreed to abide by the guidelines set forth by the City of Smyrna ordinance governing the sale of alcohol. Approval was recommended

by staff for a privilege license for the sale of beer and wine (retail package) for SF Markets LLC dba Sprouts Farmers Market #518 with Richard Alan Ramey as the registered agent.

Mayor Bacon called the Public hearing and no one came forward to make comment. Councilmember Lnenicka welcomed Mr. Ramey and Ms. Eisenstein and asked Mr. Ramey if he had indeed read the City's Alcohol Ordinance and his response was yes, he has read and he understood the ordinance.

It was then asked by Councilmember Lnenicka if Mr. Ramey could explain the process by which employees and staff would be trained in the new store. The agent responded by detailing the store's policies and procedures, such as everyone who would be handling beverages would have to complete a responsible alcohol seminar and get their City Server's permit. There would be front end training which would include the laws and regulations for selling alcohol beverages not only in the State of Georgia but also in the City of Smyrna. Their Point of Sale (POS) system does not allow sales before 8:00AM, Monday through Saturday and before 12:00PM on Sundays. The POS system would prompt the clerk to enter identification for each sale. Mr. Ramey acknowledged that all employees are made aware of their potential liabilities.

Councilmember Lnenicka asked Mr. Ramey if he knew and understood the difference between an underage Georgia Driver's License and an of-age Georgia Driver's License. Mr. Ramey noted the differences as the underage being a vertical ID vs. the of-age being a horizontal ID.

Mr. Ramey was questioned as to how often he would be present at the store. He stated he expected to be there once a week after the store was running smoothly. With that response, he was asked who would be responsible in his absences and Mr. Ramey said there would be a Store Manager team that would run daily operations and they would be attending the same training as all persons handling alcohol. There was also a District Director who would be present from time to time to assist the Store Manager team.

Councilmember Lnenicka asked if the agent was aware of the compliance checks conducted by the Smyrna Police Department. Yes, he was aware of those checks as were all employees and managers.

The store would have a formal grand opening on June 10th, 2015 and hours would be from 7:00am -10:00pm daily. The store closed for Christmas Day. On June 9th from 3:00pm - 7:00pm there would be a preview party where local vendors and distributors would be present to meet customers. The concept of Sprouts is Healthy Living for Less. They typically carry a wide range of organic and natural products, fruits, vegetables, meats, and boxed products.

Councilmember Fennel asked what kind of offerings would be in the beverage department and an extensive range of craft and microbrews as well as a broad range of wines was mentioned.

Councilmember Teri Anulewicz asked if Sprouts carried any private label offerings and the answer was yes.

Sponsors: Anulewicz

Councilmember Ron Fennel was recused from this item for professional reasons. Mayor Bacon asked Toni Jo Howard to read the background for this item and she stated On March 2, 2015 Mayor and Council amended the alcohol ordinance to allow hotel sundry shop/hotel reception licenses through Ordinance 2015-03. The type of fee associated with this license will be similar to a package store but because it was restricted to hotel guests only, staff is recommending that only one license be required allowing for both beer and wine and thus one \$575.00 fee. Staff was also recommending that the \$575.00 fee also include the ability for hotels to have Sunday sales for both the sales in the Sundry Shop and receptions. If the hotel already has an existing alcohol pouring license and desires the ability for hotel sundry shop sales as well as hotel receptions a second add on license is required. The fee for such license is recommended at \$200.00 which was the same fee charged for wine specialty shops and Growler Shops.

The City has adopted a new alcohol license type and the fees associated with these licenses will have to be set. For comparison purposes the following fees have been provided:

The current alcohol fees are as follows:

Beer package	\$575.00
Wine package	\$575.00

Councilmember Blustein requested Community Development Director Ken Suddreth to come to the podium to report on his department. Mr. Suddreth stated business is still positive and reminded the public and Council that Community Development had completed the transition to the MUNIS Community Development Module. There was a building permit section, a planning section, and a code enforcement and fees section. This program would provide for better tracking and reporting. Some part of the reporting has been in an electronic format in the past but not all and now all departments were under MUNIS. He noted that everyone was learning quickly and they still had a trainer in contact for specific questions.

There would be a lot of more detailed information available for weekly reports that would come specifically from this new system. Since April 1, 2015, when the transition was being made, there has been 29 building permits issued for new residential dwellings.

Ms. Bennett mentioned that Food Truck Tuesdays were in their fourth season and with each year the event was getting larger so some traffic issues in the Forest Hill neighborhood needed to be addressed. The plan in place would help move traffic through the neighborhood while still allowing for citizens to attend the event. He had coordinated with the Public Works Department to have PW employees and Smyrna police officers stationed at a variety of roadway intersections to allow for better control and movement of traffic, while insuring that public safety and emergency vehicles could access the event if required. The PD would also work with residents who were used to only one way to access their homes and would allow for that access as long as traffic wasn't affected as a whole. The plan would be very fluid and would help ease tensions and frustration. The Forest Hills HOA had been given the plan and all residents were notified through their community email as to what to expect on Tuesdays. There were on average of 1200 people a night that attend Food Truck Tuesdays making for the congestion.

Councilmember Anulewicz commented about the Smyrna Calendar of Events received in her water bill.

They do not take paint or tires. The can take electronics for a fee and all the information can be found on the City's website. They are open 8:00am - 4:00pm Tuesday, Wednesday, Friday and Saturday.
