Subject: Smyrna Market Village Re-roof

External: This came from outside of Smyrna's email system.

Rusty,

I am the contractor doing the re-roof at Smyrna Market Village. We are shooting for a start date of the 23rd of this month. I was advised by Nadia to contact you about the possibilities of working on Sundays. Per the city, the work is to be completed by the end of April, and the way this weather has been weekends have been the only days available for us to work. I don't imagine the work taking more than 2 weeks to complete, however if we only have the weekends to work that may progress into 6 or 7 weeks. How do I go about getting this approved? Any help you are able to give me would be appreciated.
