

CITY OF SMYRNA

WATER AND SEWER AVAILABILITY

The City of Smyrna has determined that water to the proposed development is available and located on the east side of Concord Road. Sanitary Sewer is not available to the proposed development and would require one or more sewer main extensions and easements by the developer.

Elevations are the responsibility of the developer. This information is based upon a rezoning plat for Tackett Farms by Ashford Engineers dated September 5, 2014.

Sincerely,
