**CITY OF SMYRNA**

**WATER AVAILABILITY**

The City of Smyrna has determined that water is available to the proposed development. The development will require a master meter. Each individual unit will require a private sub-meter supplied by the developer and read by a third party. This information is based on a rezoning by B H & D Engineering dated 07/08/2014.

Sincerely,

A handwritten signature in blue ink, consisting of several overlapping, fluid strokes that form the name "Scott Stokes".

Scott Stokes  
Director Public Works
