Sponsors: Norton

City Administrator Tammi Saddler Jones advised Mayor and Council as to the background on the Ordinance. The City of Smyrna has never had an ordinance that addresses outdoor burning. With the dense population in a relatively small geographic area, outdoor burning of yard waste and trash has become an issue. This amendment would address and define what is, and what is not, allowed while burning outdoors. Restrictions on outdoor burning would not apply to grilling or cooking using charcoal, clean wood, propane or natural gas. A free residential burn permit would be required for burning clean wood. Those permits will only be issued October 1st through March 30th. The burning of recreational fires within any property used for anything other than a residence for 1 or 2 families shall require a special use permit from the Fire Marshall's Office. Our Fire Chief recommended approval of the proposed ordinance amendment.

Councilmember Derek Norton made a motion to approve and adopt Ordinance 2019-09 to amend the City of Smyrna Code of Ordinances, Chapter 50, Fire Prevention and Protection, Article 1, In General, by adding Section 50-7 Outdoor Burning, of the Smyrna Fire Code. B. [2019-159](#)

Authorization to pass along credit card processing fees to the customer effective July 1, 2019 in coordination with the Fiscal Year (FY) 2020 budget.

Sponsors: Fennel

Ms. Tammi Saddler Jones reviewed the pertinent information for this agenda item. The City currently accepts online credit card payments through several platforms for various City services. When customers pay in person using a credit card, the City currently pays the fees associated with these transactions. However, staff recommends we make a change to allow the customer to pay the processing fees. The annual budget savings of passing along the online processing fee to the customer would be approximately \$100,000. A processing fee would not apply to automatic bank draft, it would not apply when using an individual's personal bank's online bill pay, it would not apply for mailed payments, and it would not apply when cash or check payments are made at the Utility Services office at City Hall. Staff recommended the authorization to pass along the credit card processing fees to the customer effective July 1, 2019.

Councilmember Ron Fennel made a motion to approve the authorization to pass along credit card processing fees to the customer effective July 1, 2019 in coordination with the Fiscal Year (FY) 2020 budget. The motion to approve was seconded by Councilmember Derek Norton.

The motion to approve was carried by the following vote:

Aye: 6 - Councilmember Norton, Councilmember Blackburn, Councilmember Blustein, Councilmember Welch, Councilmember Gould and Councilmember Fennel

Nay: 1 - Councilmember Wilkinson

7. Commercial Building Permits:
