City of Smyrna
Attn: Frank Martin
0 Windy Hill Rd. – Tunnel Lighting
Smyrna, GA 30080

Thank you for allowing Georgia Power Company the opportunity to provide a lighting proposal for the Windy Hill Blvd tunnel lighting project. **Costs and materials below include the installation of the lighting system for both tunnels.**

Georgia Power Company proposes the following:

- Install (24) 230w LED IFLD Tunnel light wall pack fixtures
- Install (256) 342w LED IFLD tunnel light wall pack fixtures
- Install Lite Keeper Logic panel and control system for tunnel light operation
- Commission and program Lite Keeper control system and relay for tunnel light operation
- Fixtures will be wall mounted on strut at designed mounting height
- City of Smyrna General Contractor on project to provide conduit in bridge and junction boxes for mounting

Pricing is as follows:

Standard Operating Service: 1 month agreement, automatically renews month to month after 1st month, service price is fixed. Georgia Power retains ownership of the system. All energy and maintenance for system is included. Monthly billing to commence upon completion of system installation.

Monthly cost required for service -2,934.40*

Installation fee required for service - \$443,926.00*

Please let me know if you have any questions. The pricing in this proposal is valid 30 days from date above.

Sincerely,

Dustin R. Young
