Smyrna, Georgia 30080

Re: Petition for Annexation– Land Lot 632, 17th District, Parcel 0067, 2nd Section, 1741 Spring Street, Cobb County, Georgia; Notice of Non-Objection

Dear Mayor Bacon:

We are in receipt of the above-referenced annexation request. Please accept this response to the annexation proposal for 1741 Spring Street. The subject property is currently zoned GC and is within an area identified as Neighborhood Activity Center (NAC) according to the Cobb County Future Land Use Map. The cover letter indicates the sites will retain the current zoning, and be utilized as a pet grooming facility / veterinary office / boarding facility. The subject property is located within an island. Based on our HB 489 Intergovernmental Agreement, this is a Non-objectionable request.

In summary, please accept this letter as the County's formal **notice of non-objection** to the proposed annexation. A comment from the Cobb County Water Service is attached for your consideration. Should you have any questions or need any additional information, please contact Jay Northrup, Intergovernmental Coordinator, at (770) 528-2199.

Subject: RE: ANNEXATION REVIEW: 1741 Spring Street, Smyrna

Water service for these properties is currently provided and will continue to be provided by the City of Smyrna.

Wastewater flow from the site will continue to be treated at the R.L. Sutton WRF where there currently is sufficient capacity. Permit issuances are subject to continued WRF compliance with EPD discharge requirements.

Because Smyrna will continue to own and maintain water and sewer facilities in public rights-of-way and public easements, there would be no infrastructure gain or loss.
