RE: TELEVISION SERIES FILMING “THE INNOCENT”

Production Information:

Universal Content Productions
“The Innocent” Season 1
6010 Studio Way
Building 300, Suite 202
Union City, GA 30291
(470) 210-2075 main

To Whom It May Concern,

As location manager for the Universal Content Productions LLC series, “The Innocent,” I am requesting permission to film scenes on multiple dates over the next six months in the Crestview neighborhood of Smyrna.

“The Innocent” consists of eight hour long episodes to be filmed in blocks of two on stage and on location. Filming begins Wednesday, February 16th until approximately Friday, July 8th, 2022.

Our two primary locations are vacant homes located a block apart at 3631 Crestview Drive, SE, and 3660 Wisteria Lane, SE. They will serve as exteriors with interiors to be built on stage.

We estimate between 4 and 6 filming days each month with additional preparation and wrap days until July. Use of one house will discontinue in May as its scenes are completed thus reducing time in the neighborhood thereafter. In each case, production will submit separate permit applications to the City of Smyrna. These will include detailed dates and times; scope of work; traffic and security plans; along with evidence of neighborhood notifications. Production has contacted many of the residents over the past few weeks and received a warm reception. We will maintain continued outreach.

- The project is set in the 1970s. Set dressing and picture cars of the period will be routine.
- Day and night scenes are planned.
- No stunts or pyrotechnics are scheduled.
- Intermittent traffic control and occasional road closures will be requested.

- Police officers will be on hand to preserve fire lanes and ensure public safety.
- Production base camp and crew parking will be scheduled at a local church or city park to reduce the amount of traffic in the neighborhood.
- Any parking of work trucks in the neighborhood will be coordinated with neighbors, the police department and permit office to mitigate any inconvenience to residents.

The city of Smyrna is an important part of our success. Our production looks forward to working in your community and will strive to make this a pleasant and professional experience for all.

All the best,

Kai Thorup, Location Manager
