ZONING AMENDMENT ANALYSIS

Section 1508 of the Smyrna Zoning Code details nine zoning review factors which must be evaluated by the Mayor and Council when considering a zoning amendment request. Please provide responses to the following using additional pages as necessary. **This section must be filled out by the applicant prior to submittal of the zoning amendment request.**

1. Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby property.

Please see attached narrative describing proposed Site Plan Amendment.

2. Whether the zoning proposal or the use proposed will adversely affect the existing use or usability of adjacent or nearby property.

3. Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned.

ZONING AMENDMENT ANALYSIS (CONTINUED)

4. Whether the zoning proposal will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities or schools.

5. Whether the zoning proposal is in conformity with the policy and intent of the land use plan.

6. Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal.

ZONING AMENDMENT ANALYSIS (CONTINUED)

7. Whether the development of the property under the zoning proposal will conform to, be a detriment to or enhance the architectural standards, open space requirements and aesthetics of the general neighborhood, considering the current, historical and planned uses in the area.

8. Under any proposed zoning classification, whether the use proposed may create a nuisance or is incompatible with existing uses in the area.

9. Whether due to the size of the proposed use, in either land area or building height, the proposed use would affect the adjoining property, general neighborhood and other uses in the area positively or negatively.

Re: Pebble Hill Associates

Dear Ms. Lacy,

Please allow this to serve as acknowledgement of your inquiry regarding the above referenced companies. In response, a search of Nassau County Business records was conducted. We have enclosed the certificate for Pebble Hill Associates dated 12/11/1986 and recorded in this office on 10/08/1998. To date, this is the only certificate we have on record for this entity.

I trust this information will be of assistance to you.

Very Truly Yours,

The Office of the County Clerk

PROJECT DESCRIPTION

ATTACHMENT TO APPLICATION FOR ZONING AMENDMENT

Application No.: _____
Hearing Date: **January 15, 2018**

Applicant/Titleholder: Halpern Enterprises, Inc.

PROJECT DESCRIPTION

Halpern Enterprises, Inc. (hereinafter "Applicant") is proposing a minor site plan revision to the retail portion of POD B with respect to the overall Redevelopment Master Plan for Belmont Development. The approved Site Plan for the POD B retail includes a small landscaped island feature located between two retail buildings fronting on Atlanta Road, with parking located to the rear. Upon final engineering, it was determined that in order to account for the elevation grade change along the length of the property, a retaining wall would be necessary along the Atlanta Road frontage, resulting in the retail buildings fronting Atlanta Road to be constructed five (5) feet, or greater, below street level. To illustrate the undesirable streetscape appearance that would be necessitated under the current, approved Site Plan, Applicant includes as part of this Project Description, a photograph of a different project showing the retaining wall, cut, and retail building configuration that would be necessary under the current, approved Site Plan.

Applicant does not desire to configure the retail buildings along Atlanta Road significantly below street level. As such, the proposed, revised Site Plan would allow for the retail buildings to be constructed at or along the Atlanta Road street frontage level consistent with the other retail buildings along Atlanta Road which are a part of the overall Belmont Mixed-Use Development project. In so doing, the small central landscaping feature must be replaced with necessary utilities and dumpsters; but will be extensively screened through the use of architectural structures. In lieu of a small central landscaping feature, Applicant is proposing more substantial landscaping features at both property corners for the same or better visual aesthetics engaging to Atlanta Road. Applicant strongly believes the proposed Site Plan enhances the aesthetic feel for the Belmont retail uses along Atlanta Road without sacrificing the quality of Applicant's development. Certainly, the Plan is a significant improvement in comparison to the below grade retail buildings necessary to accommodate the current, approved Site Plan.
