Part-time employees (regular or working-test) who hold positions with regular schedules of at least twenty (20) but less than 32 hours per week shall accrue annual leave at one-half (½) the rate of full-time regular employees with the same length of service. Part-time employees who work less than twenty hours per week will not earn annual leave.

Temporary workers are not entitled to annual leave.

Employees rehired within 3 months of last separation from the City will be reinstated to the same leave accrual level (years of service) held at the time of separation.

Procedures

Immediate supervisors and department heads are responsible for managing the annual leave usage in their respective departments and for administering the provisions of this policy. Use of annual leave shall be scheduled at such times as the respective immediate supervisor and department head find suitable after considering the request of the employee and the requirements of the department. Approval of annual leave requests shall be given only when the efficiency and effectiveness of City operations will not be adversely affected. Unless approved by the City Administrator, a department head and the next highest-ranking employee in the department shall not take annual leave at the same time.

All requests for annual leave must be submitted and approved via the automated time-keeping system prior to the commencement of the requested leave. Annual leave shall be requested and approved in increments of not less than one-half (½) hour.

Annual leave **will not be** granted before such leave actually accrues to the employee's credit.

Maximum Accumulation of Annual Leave - No more than 200 hours of accrued annual leave may be carried forward at the end of the year into the next calendar year except for full-time Fire/EMS 24/48 shift personnel who may accrue a maximum of 280. Each year, on December 31, accrued annual leave in excess of the maximum allowed (*i.e., either 200 or 280 hours, respectively*) will be forfeited by the employee.¹

If, in the opinion of the department head, work requirements are such that an employee cannot take his or her accrued annual leave hours in excess of the maximum allowed (*i.e., either 200 or 280 hours, as applicable*) before December 31, the hours may, *with the approval of the department head and concurrence of the Human Resources Director and the City Administrator*, be carried over and taken in the first six months of the following year.

In order to be genuinely productive, employees occasionally need some time away from work. Every employee is strongly encouraged to properly request and use accrued annual leave during the year to rejuvenate themselves and to attend to personal business.

Accrued annual leave, up to a maximum of 120 hours will be paid to the employee upon termination (either voluntary or involuntary) except for full-time Fire/EMS 24/48 shift personnel who are eligible to receive payment for a maximum of 168 hours.

Death - In the event of the death of an employee who has accrued annual leave, the beneficiary or estate of the employee will be entitled to payment for all accumulated annual leave credited to the employee, up to the maximum allowed.

ANNUAL LEAVE DONATION

Current city employees may request to voluntarily donate their earned annual leave to another city employee during certain life-threatening circumstances as considered and approved by the City Administrator.

When reviewing such requests, the City Administrator will consider the following:

- a) The nature of the illness or injury surrounding the request: Is the proposed recipient facing a life or death situation such as organ transplant, cancer treatment, etc?
- b) Has the proposed recipient been employed by the City of Smyrna for at least twelve months?
- c) How has the proposed recipient utilized his/her sick leave during employment with the City of Smyrna: Is it clear that the employee has not abused the sick leave in the past?

- d) Has the proposed recipient exhausted (or will he/she exhaust) all other forms of leave (annual/sick/compensatory)?

Employees who desire to voluntarily donate annual leave to another city employee should request the appropriate form from the Human Resources Department.

Completed forms must be signed and forwarded to Human Resources. The Human Resources Director or designee will verify the relevant information and forward the information to the City Administrator for review and consideration.

After a decision has been made by the City Administrator, the Human Resources Director or designee will notify the requestor and the proposed recipient of the decision. The Human Resources department will process the donation of annual leave so that the appropriate transfer is reflected in the city leave records.
