**Agenda Title:**

Approval to purchase a new Ford E-450 SWAT truck as part of the FY17 Vehicle Replacement Fund at a total cost of \$94,328.10

**ISSUE:** The current Ford SWAT van is a 1996 model and is to be surplus due to its age and condition. A new SWAT truck was budgeted at \$95,000 and included in the FY17 Vehicle Replacement Fund.

**BACKGROUND:** The Police Department was authorized \$95,000 in the FY17 Vehicle Replacement Fund to replace the department's current SWAT vehicle. An extensive local search was completed in an attempt to find a local vendor which could supply a suitable vehicle at a reasonable cost. Smyrna Truck stated that they could not supply us what we needed and Wade Ford could only supply the chassis; not the rear compartment. A national search of vendors was then completed and Faber Specialty Vehicles was the only vendor that could supply the specified unit under \$100,000 excluding emergency equipment and striping. The vehicle is to be purchased on GSA contract which realized a cost savings of \$6,750.00. The vehicle, excluding emergency equipment and striping is to be purchased from Faber Specialty Vehicles, the striping/graphix from The Grafic Shop, and the emergency equipment and installation to be purchased from Diversified Electronics in Marietta.

**RECOMMENDATION/REQUESTED ACTION:** The Chief of Police and Staff recommend this purchase.
