

**City of Smyrna**  
**Water and Sewer Availability**

The City of Smyrna has determined that water and sanitary sewer are available to the proposed subdivision. All existing taps will be used where possible. The developer will be required to upgrade to minimum meter size of 1 inch. The developer shall be required to install any additional water and sewer taps for the development. Elevations are the responsibility of the developer.

This information is based upon a rezoning plan for Wilson Built Homes, dated August 11, 2015 by Paul Lee Consulting Engineering Associates.

A handwritten signature in black ink, appearing to be "Paul Lee", written over the text of the previous block.
