ISSUE / BACKGROUND: Administrative vehicles which have reached their serviceable life will be taken out of service in FY22. The replacement vehicles are included in the FY22 Vehicle Replacement Fund at a cost of \$70,146.00 dollars. Said vehicles are needed to replace fleet units taken out of service as a result of damage sustained in accidents, age and/or mileage, as well as guidance from the Fleet Manager. Due to the inability to locate vehicles on the state contract list, these vehicles were located and considered as exemplars and fall below state contract pricing.
