Sponsors: Norton

Mike Jones, City Administrator read aloud the background for this item as follows: The City of Hiram, Georgia has requested that the City of Smyrna begin the data entry functions that occur within the Georgia Criminal Justice Information System (CJIS) on behalf of the City of Hiram, Georgia. Said entry functions to begin on October 10, 2016 and continue until December 31, 2022 unless the agreement is

terminated by means stated within the Intergovernmental Agreement. The City of Hiram, Georgia has agreed to pay the City of Smyrna, Georgia the sum of \$30,000.00 per year for the first two years of the agreement and \$50,000.00 per year thereafter.

The City of Hiram, Georgia currently operates the City's CJIS data entry functions internally utilizing full-time staff. In an attempt to streamline their operations and realize cost savings, the City of Hiram, Georgia has requested that the City of Smyrna, Georgia perform these data entry functions on their behalf. A. Intergovernmental Agreement was drafted which delineated the performance of such functions as well as the consideration for the life of the agreement. Hiram, Georgia has requested that their CJIS data entry functions be relocated from their facilities to the City of Smyrna, GA E-911 Center beginning October 10, 2016. A prorated amount will be paid for October 2016 and the full amount of \$2500 per month will be paid for the months of November and December of 2016. The Intergovernmental Agreement has been reviewed by both municipalities' legal departments and found Legal-As to Form.

The Smyrna Chief of Police and staff recommend this authorization.

Councilmember Norton noted we have a similar agreement with Powder Springs and this is a good deal for both Cities.

A motion was made by Councilmember Derek Norton to approve item 2016-384 to enter into an Intergovernmental Agreement between the City of Hiram, Georgia and the City of Smyrna, Georgia for the purpose of data entry into the Georgia Criminal Justice Information System (CJIS) and have the mayor sign and execute all documents, seconded by Councilmember Charles (Corkey) Welch. The Police Department has a need to re-assign the Deputy Chief's current assigned vehicle to an administrative officer in order to add an additional marked patrol vehicle into the patrol fleet. This vehicle will be purchased off of State contract through Wade Ford and the emergency equipment purchased and installed from Cobb county contract through Diversified Electronics.

Lieutenant Binicewicz will be assigned to the Police Administrative Division beginning October 11, 2016. Lt. Binicewicz will be assigned an administrative vehicle and his marked vehicle placed into the Uniform Division Fleet.

Sponsors: Norton

*The following background was read aloud by City Administrator Mike Jones:
A total of 6 (six) Uniform Patrol vehicles have been or will be taken out of service in FY17. The replacement vehicles were included in the FY17 Vehicle Replacement Fund.*

The Police Department was authorized \$231,000 in the FY17 Vehicle Replacement Fund but due to the rising costs of the vehicle and camera systems (\$1174 per vehicle and \$211.71 per camera system), we are realizing a \$8021.84 cost over-run from what was originally forecasted. These six vehicles will replace 6 Uniform Division Crown Victorias that have been or will be taken out of service due to age, mileage, or upon guidance from the Fleet Manager. The total cost of the six Ford Explorers is \$239,021.84. Said vehicles and equipment will be purchased using State/County contracts, through cooperative contract pricing, and the graphics from a single source provider who solely owns the graphics artwork. The six Explorers are to be purchased from Wade Ford and all necessary equipment from Insight Public Sector, Grafix, and Diversified Electronics.

The Chief of Police, staff, and the purchasing department recommend the purchase.

A motion was made by Councilmember Derek Norton to approve item 2016-391 to purchase 6 (six) equipped Ford Explorers as part of the FY17 Vehicle Replacement Fund at a total cost of \$239,021.84, seconded by Councilmember Ron Fennel. The motion carried by the following vote:
