### **\$ IMPACT:**

### **Agenda Title:**

### **ISSUE AND BACKGROUND:**

In an unusual circumstance, we have found that a storm inlet and pipe apparently installed by the City on private property many years ago was not connected to an outfall. After investigating the conditions and history of the issue, we identified a feasible solution and solicited fee proposals for survey and design services to drain this area to a nearby storm outlet.

We are requesting approval of \$16,400 for survey and design services. Construction to implement this solution will be a separate request when design work is complete.

**RECOMMENDATION / REQUESTED ACTION:** Public Works and Purchasing staff recommend authorization for the award of Survey and Design Services for 3260 Concord Circle, Smyrna, to be awarded to CPL Architecture ( 3011 Sutton Gate Dr.Suite 130, Suwanee, GA 30024) in the amount of \$16,400.00 to be paid from Professional Services and authorize the Mayor to sign and execute all related documents.
