

To Whom It May Concern,

This letter serves to notify you that CivicPlus, Inc. is the sole provider of the CivicRec, Recreation Management System (CivicRec) and associated services and functionality included. CivicRec enables municipal website administrators to manage critical aspects of their recreation management and activities.

CivicRec differs from other recreation management software in that it has been optimized for use for government entities. Not only have many of the applications been developed specifically for use by municipal governments, but CivicRec is also hosted at a network operations center dedicated to the protection of the information of government staff and end-users.

Included in the standard CivicRec development package are modules that are unique to CivicPlus' CivicRec, such as map-based booking, league team pages, exportable calendars for Google and Outlook and social sign on. Applications like these may be available at a much higher cost from other vendors however, CivicPlus is the sole provider of these applications as a part of an all-inclusive, standardized recreation management system, CivicRec.

No other organization offers our unique product and service package, coupling our RMS with some of the most useful web applications available to municipal governments.
